A DEPLORABLE TRAGEDY.

This entire community was grieved
and shocked at the tragic death of
Mr. George R. Bohmfalk which oc-
curred late Tuesday evening, Septem-
ber 9, 1935.

Mr. Bohmfalk was working in his
field Tuesday afternoon. He had a
22-calibre rifle with him in the field
and told Mrs. Bohmfalk he would
shoot jackrabbits before coming
home from his work. Not returning
at the expected time a search was
made for him. His limp, unconscious
body was found hanging on the wires
of a fence and the discharged gun
was on the other side of the fence.

He was taken to the house, a phy-
sician called, but he died about nine
o'clock, presumably about three
hours after the accident. He never
regained consciousness and just how
the accident occurred will never be
known. The reasonable presumption
is that in attempting to cross the
fence the gun was accidentally fired.

The bullet entered his head on the
right side and lodged in the brain.

The funeral was conducted at 2:30
o'clock Thursday afternoon and fol-
lowing a service at the Horder Fun-
eral parlor by his pastor, Rev. H.

W. Gaston of the New Fountain
Methodist Church, interment was
made in Oakwood cemetery under
the auspices of the Masonic Lodge of
which order he had been a member
for several years. Rev. Gaston was
assisted by Rev. F. A. Banks of Yan-
cey and Rev. E. W. Dechert of Ban-
dera.

George Rohlf Bohmfalk was born
in Medina County on July 10, 1889
and was 44 years old at the time of
his death. He was a volunteer and
saw service in France during the
World War.

He was married soon after the
close of the war to a Miss Cook. Of
this union a daughter, Mae Belle,
and a son, Milton, were born. They
with their mother survive to mourn
the sad and untimely passing of a
worthy husband and father.

AGED CITIZEN PASSES AWAY.

Mr. Benjamin Franklin Moss, an
aged man and long time citizen of
Medina County, died at his home
near Yancey Wednesday, September
11, 1935. He was laid to rest in the
old cemetery at Hondo Thursday
morning, following a funeral service
conducted by Rev. R. W. Merrill,
pastor of the local Baptist church, at
the Horder funeral parlor.

Benjamin Franklin Moss was born
in Lee County, Miss., in 1845. He
moved to Texas in 1875, living in
Brazos County until 1890, when he
came to Hondo where he made his
home until 1895, then going to Yan-
cey, where he spent the remainder of
his days.

Deceased is survived by eleven
children, namely: Allen and Walter
Moss of Mississippi; Mrs. W. D. Mc-
Corquodale of Iowa, Texas; Eugene
Moss of Oklahoma; Ben Moss of
Leon Springs, Texas; Edgar Moss
of Corpus Christi, Texas; Barney
Moss of Mirando City, Texas; Mrs.
Clarence Wernette of Devine, Texas;
and Mrs. N. F. Berry, Mrs. Roy Brei-
ten and Miss Mary Moss of Yancey,
Texas; and a number of grandchild-
ren. Mr. Moss united with the Bap-
tist church in early life, remaining
a consistent member until death. His
faith in Christ as his Savior and his
love of the Bible sustained him,
though afflicted, to the end.

Though "ripe unto the harvest"
and "sustained by an unflinching
trust", his passing brings a sorrow
to those who loved him that enlists
the sympathy of all who ever knew
and felt a similar sorrow.

WELCOME RAIN.

One of the most timely and help-
ful rains that ever blessed this sec-
tion was falling as we went to press
last week. The rain fell at irregular
intervals from Wednesday afternoon
until Saturday night. It fell gently
each time, permitting most of it to
soak into the ground, and was never
at any time accompanied by wind or
storm. It put the soil in good condi-
tion for plowing, gave the pasture
grasses a new start and in many in-
stances will produce a second feed
crop from the stubble left from the
first cutting. Conditions are ideal
for planting a winter grain crop of
oats, wheat, rye, etc.

The precipitation over the five day
period amounted to 5.83 inches at
Hondo. In other sections, particu-
larly north of us, it seems to have
been heavier. The Medina Lake is
reported overflowing the spillway
for the first time in many years.

P. T. A. MEETS.

The Parent-Teacher Association
met on Monday afternoon in the
school auditorium for its first meet-
ing of the new school year. There
was an unusually good attendance.
A special program prepared by Mrs.
Scott was enjoyed, after which the
business meeting was held. Immedi-
ately following the business session
a reception for the teachers was held.
Refreshments of sandwiches and iced
tea were served.

SILVER TEA.

A silver tea was given at the home
of Mrs. Henry Merriman Wednesday
afternoon and was sponsored by the
two adult classes of the Methodist
Sunday School. The house was
beautifully decorated with pink roses
and queen's wreath and the tea table
was arranged in pink and white.

Several adjoining rooms were ar-
ranged with beautiful pieces of hand-
work, some very old and rare. These
are owned by several ladies of Hon-
do.

The guests were entertained
throughout the afternoon with a
lovely program composed of vocal
solos by Mary Ruth Wilson, Evelyn
Barnes, and Bernice Chaney, vocal
solos by Jimmy Smith, piano selec-
tions by Ivy Jean McCall, Evelyn
Knopp and Betty Jean Merriman,
piano duets by Frances Ruth Fly and
Betty Jean Merriman, and two violin
solos by Margaret Ann Knopp.

Delicious refreshments of chicken
salad, wafers, cakes, and spiced tea
were served throughout the after-
noon.

MARRIED IN NEW MEXICO.

Word has been received by rela-
tives here of the marriage of Tony
Mercer Windrow, formerly of Hondo
but now of Animus, New Mexico, to
Miss Etta B. Lemon, also of Animus,
which occurred in that place on Wed-
nesday, September 4, 1935. Details
of the wedding were not given.

Tony, who is a son of Mr. W. H.
Windrow, graduated from Hondo
High School in 1924, and attended
Schreiner Institute at Kerrville and
the University of Texas. About two
years ago he and his brother, Don,
who is in Hondo at present, went to
New Mexico for the purpose of
homesteading a ranch. They settled
near Animus, New Mexico. Tony's
bride is the daughter of a rancher
near Animus and was born and reared
near there.

Both Tony's friends and friends of
the family to whom the announce-
ment came as a pleasant surprise
wish him and his bride a happy and
prosperous future, and are looking
forward to their first visit to the old
home town.

A NEW ENTERPRISE.

Workmen are busy installing ma-
chinery and equipment in the Isaac
Wilson building, next door to Hol-
loway Brothers' hardware store, for a
pecan shelling and packing plant.
The plant is being installed by Mr.
Daniel McCrea, an experienced pecan
man who has made his head-
quarters at Yancey for the past sev-
eral years. Workmen stated that the
plant will be ready for operation
within the next fifteen days.

The pecan crop is said to be gen-
erally good over the country, and the
enterprise should give employment
to quite a number of people during
the shelling season.

PRODUCE SHIPMENTS.

The rainy weather of the past
week slowed up produce shipments
from Hondo somewhat, but since our
last report eight cars of corn, one
car of maize and one car of hog
have been forwarded.

Up to Thursday only 22 bales of
1935 cotton had been shipped from
Hondo. Up to a like date last year
there had been 451 bales shipped out.
The total shipments for 1934 season
was 800 bales. This year has seen
about the completest failure of the
cotton crop ever experienced in Me-
dina County.

DID YOU EVER STOP TO THINK

By Edson R. Waite,
Shawnee, Oklahoma.

* MICHAEL H. WREN, ADVERTISING MANAGER OF THE NEW
* HAVEN (CONN.) JOURNAL-COURIER, SAYS:

* "Newspaper advertising today offers golden opportunity to those who
* promote it carefully and correctly.

* "Today even children turn eagerly from the comic pages to certain ad-
* vertisements. Why? . . . Simply because the kids find romance, drama,
* colorful news or humor in the good ads.

* "Never in the history of newspaper advertising has romance, glamour,
* colorful news or humor so dominated the selling message. Never has
* so much of it been packed into the column inch by alert copy-writers.

* "As long as newspaper advertisers continue to offer real news, romance
* and thrills in their copy, advertising will continue to be as important to
* the readers as the day's news. By that I don't mean sensational adver-
* tising copy. The circus can come to town once a year, while good
* drama and romance will live forever.

* "No longer do you hear readers remark, 'Don't pay any attention to
* that; it's only an ad.' Rather, 'Let's buy one of those; the ad states
* they're reasonable and we certainly need one.' The ad
* proved it!

* "Promote your newspaper advertising campaigns as you would a show.
* Give them atmosphere, colorful appeal. The good advertiser is a good
* showman. He gives the public what it wants, without bunk, and yet
* with plenty of entertaining features—and the public loves it and re-
* sponds enthusiastically to the announcements.

* "YOU NEWSPAPER ADVERTISERS WHO ARE NOT INJECTING
* ROMANCE, THRILLS AND HUMOR INTO YOUR COPY ARE MISS-
* ING A GREAT BET. YOU ARE MISSING GREATER PROFITS AND,
* WHAT IS EQUALLY IMPORTANT, AN UNLIMITED AMOUNT OF
* GOOD WILL AMONG THE READERS."

QUIHI NOTES.

And Abraham drew near, and said,
Wilt thou also destroy the righteous
with the wicked? Gen. 18:23.

Abraham stands before the Lord.
He knows the two cities are ripe for
judgment; they have been an eyesore
and a heartache for long. Good rid-
dance, if beyond the hope of recov-
ery or reform. But there might be
an admixture of other elements in
the cities, a few righteous. Will they,
must they be swept away in the gen-
eral doom? Would it be right to have
the "innocents" suffer with and for
the wicked? His heart goes out to
them. His plea is deep and insis-
tent. He is working with "peradven-
tures", hypothetical cases, hoping
against hope, " bargaining" with the
utmost tenacity for the welfare of
a possible fifty down to a possible
ten of righteous. Much as has been
made from this text, relative to the
typical character of the Jew today,
claiming it to be a kind of historical
index, the germinating starting point,
for their alleged snarling practices,
their financial bootlegging, their un-
derhanded or, where possible, strong-
arm methods, etc., that made them,
rightly or wrongly, an international
irritant, with public aversion now
flashing and crashing against them.

This peculiar interence seems to be
corroborated in the light of a char-
acterization that one of their own
men has given recently for the mod-
ern Jew: "We have but one weapon,
our wits. . . . We learn to think quick-
ly, and talk glibly, to parry nimby
and thrust hard. We learn to be
shrewd, artful and tirelessly aggres-
sive." Yet, Abraham, with the em-
phasis of his whole soul, did what,
later on, Moses and Paul did for
their people, what Christ did for the
whole world, what the Holy Spirit
does in making intercession for us,
what we should do for "all men",
leaving the way out to our supreme
Arbiter, God.

Our last Sunday's program did not
come off per schedule. Though ser-
vices were had, the main thing, our
Confirmation, could not be carried
out. The Lord had directed other-
wise and we gladly submitted; the
rain was a godsend. And how deep-
ly grateful we should be in view of
the terrible loss of life and property
in the stricken area of Florida.

Weather permitting, we shall have
our confirmation next Sunday; also
the call meeting. The Sunday school
teachers will assemble next Friday
evening; the catechumens on Satur-
day morning for the final period of
instruction.

Mrs. Jacob Breiten has been down
in bed for a few days, suffering a
good deal of pain. She was well tak-
en care of by her children, and at our
last visit we found her greatly im-
proved and in her former nappy
frame of mind. We are thankful
with her.

Announcements for Sunday, Sep-
tember 15th: Confirmation ser-
vice at 9:30 A. M. No Sunday school.
Evening service at 7:45, beginning
with the confessional service. Lord's
Supper administered. "I love thy
Zion, Lord." Do you?

BAPTIST NEWS NOTES.

The Baptists hereby extend the
hand of welcome and hearty greet-
ings to our school teachers—all of
them—but particularly to the new
teachers who are strangers in our
midst. All honor is due to the man
or woman who pursues college work
to the end that they may success-
fully occupy the chair of instructor in
the public schools of our land. They
will find a joyous welcome at the
Baptist church, when it pleases them
to come, and they are hereby invited
to worship with us.

It is hoped that our Bible school
may be up to high water mark on
next Sunday morning and that all
teachers may be in their respective
places. At the 11 o'clock hour we
will have Dr. J. R. Sampey of the
Southern Baptist Theological Semi-
nary to speak to the congregation
from a Victrola record. Following
this brief Victrola address, the Pas-
tor will speak on The Glory of the
Christian Life. He is seriously de-
sireous that our entire congregation,
so far as possible, shall hear this mes-
sage. An opportunity will be al-
lowed any who may be willing to do
so to make a free-will offering to the
endowment of the Chair of Old Testa-
ment in the Seminary.

The evening service at the church
is to begin, commencing Sunday
evening, at 7:30 o'clock. You are
invited to worship with us at this
hour. We will always have matters
of deepest interest for our worship
thought. Why do many turn away

OF INTEREST TO COTTON FARMERS.

The new cotton loan plan proposes
a loan of 10 cents per pound on
7/8" low middling or better. The
total received by growers of cotton
which does not command premiums
cannot exceed 12 cents per pound, so
long as the base price is below 12
cents per pound. The adjustment
payment will be made on the basis of
the 10 spot market average on the
actual day that cotton is sold by the
producer. These adjustment pay-
ments will be made through the cot-
ton year up to August 1, 1936. They
will be made to those producers who
have cooperated in the adjustment
program and who agree to participate
in the 1936 crop program. Adjust-
ment payments to cotton farmers will
be limited to 2 cents per pound. If
it should develop that prices drop be-
low 10 cents, producers would be ex-
pected to put their cotton in the loan
and wait for prices to recover. The
adjustment payment will apply to all
sales of 1935 cotton, including those
already made. Cotton producers who
may wish to sell their cotton imme-
diately and whose crop is already be-
ing harvested and ginned for sale
are urged by the Agricultural Adjust-
ment Administration to obtain and
keep sales slips from buyers, so as to
be sure to have adequate sales rec-
ords on which the Government will
be able to make adjustment payments
under the new loan and payment
plan. The necessary forms upon
which payments of the difference
between the average price and 12
cents will be disbursed are being pre-
pared. In the interim producers who
desire to market their crop are ad-
vised to compile a careful record
which will include a description of
the cotton sold, the buyer to whom
the cotton was sold, the date of sales
and the names of the parties, includ-
ing tenants, who have an interest in
the cotton sold. It is especially im-
portant that producers should obtain
from the buyer a memorandum of
sale which contains the date of sale
and the gross weight of the bale or
bales sold.

ST. PAUL'S LUTHERAN CHURCH.

"One thing is needful." Luke 10,
42.

How many wants have you? Some-
where we read the statement that a
hundred years ago man's wants
were around 70 and today they are
nearly 500. However, man's neces-
sities are far fewer than his wants.
Perhaps less than 1-5 of his wants
are necessities. It is true, in time we
become accustomed to call certain
things necessities which are only
wants after all. But we want them
so much that they seem to fill a dis-
tinct need. Think of the thousands
of articles offered to man for sale,
from which he must distinguish be-
tween the things he needs and the
things he merely wants but cannot
afford.

And when we boil these necessities
down we find that man's actual needs
are few. Jesus says, "One thing is
needful." To hear the Words of
God which are a power of God unto
salvation; this towers above them
all as THE necessity of life. Which
place does it hold among your life's
necessities? "Be quick to hear."

The service next Sunday, Sept. 15,
will be English beginning at 10:00
A. M. Sunday school and Bible class
at 8:45.

Sunday, Sept. 22, German service

"SANITY ON THE PRAIRIES".

It is refreshing to report that at
least one state has managed to avoid
the fallacy that the way to create
prosperity is to spend billions on
credit—credit which must be based
on all the savings and wealth, all the
property, all the industries, all the
earnings and other resources of the
commonwealth.

That state is Nebraska, which is
described by W. E. Christensen in an
article in the New York Herald Tri-
bune entitled "Sanity on the
Prairies".

Nebraska has a new \$10,000,000
capitol—without a penny of debt
standing against it.

Nebraska has a splendid highway
system—without a single outstanding
bond.

Nebraska's state tax, which pro-
vides the funds for supporting the
state university, four normal schools
and all other state activities, has av-
eraged less than two mills per year
during the last ten years.

DOG'S LIFE.

There were some forty dogs of
every description scattered around
the set at Paramount where Gracie
Allen and George Burns were com-
batting a platoon of vaudeville acts
during the production of "Here

and Tuesday to the Colonial Theatre.

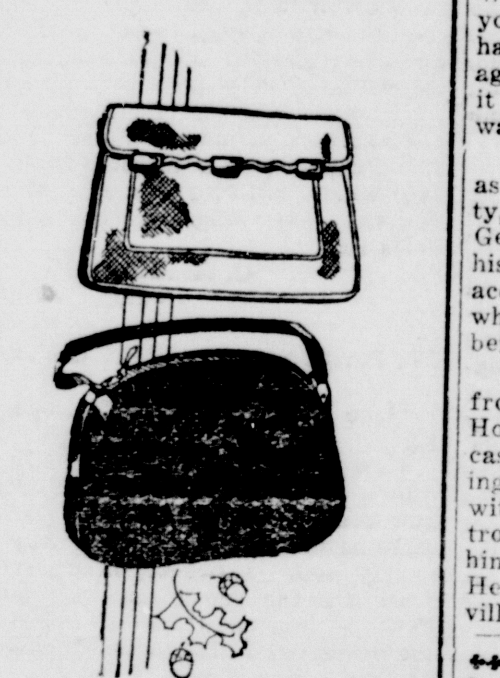

Gracie chose a big English sheep
dog for her special pet, but a little
poodle strenuously objected. He
promptly adopted Gracie and gently

"Is this what they mean by a dog's

his freshman year. He was a May
graduate from Hondo High School.

Judge and Mrs. D. H. Fly had as
their guest last week-end Mrs. Fly's
brother, Mr. E. N. McNutt, of Hous-
ton. Mrs. Fly had not seen her
brother in a year and his visit was
the occasion of much pleasure to both
of them.

Miss Barbara Stubbs of Austin
has been visiting Miss Dorothy Bur-
gin a few days before beginning her
work as Home Economics teacher
here. She and Miss Burgin have
taught together at Sabinal the past
three years.

Elmer Bendele, formerly in the au-
tomobile business here but who re-
cently failed in health, has gone to
the sanitarium at Carlsbad for rest
and treatment. His many friends
here wish him an early restoration to
his former health.

If you have a boy or girl away for
the school term, either as a student
or a teacher, you can send this
paper to them during the continu-
ance of the term for one dollar. Let
them keep posted on the doings of
the old home town.

A. H. Wilkinson was here from
near Devine Thursday with his son,
Woodard, for medical attention. The
young man who is seven years old
had the misfortune some fifteen days
ago to fall and break his left arm, and
it had not been healing as well as
was wished.

Adolf H. Balzen, who is classified
as a senior at Southwestern Universi-
ty, will leave Saturday morning for
Georgetown where he will continue
his pre-med course. Adolf will be
accompanied by his brother, Hubert,
who will stay a few days with him
before returning.

The family here received word
from Andrew Bless that the Legion
Hospital doctors had diagnosed his
case as arthritis, and they are observ-
ing him further to locate the cause
with indications pointing to sinus
trouble. Mr. Bless' friends here wish
him an early and complete recovery.
He is at the Legion Hospital at Kerr-
ville.

SOFTBALL

Thursday Night's Results

In the first game Thursday night,
P. H. Renken's Repealers slugged
their way to an 18 to 12 victory over
Grell's Comedians.

Batteries were: Montel and Neu-
man for the Repealers; Breiten and
Wenmohs for the Comedians.

In the second game the F. F. A.
team defeated the Leinweber Lions
10 to 4. McDowell hit a home run
for the farmers.

Batteries: Mumme and Danie for
the Farmers; Embrey and Crow for
the Lions.

GAMES NEXT WEEK

Mrs. Lillian Law was here from
Sabinal Thursday in the interest of
her piano classes. She wishes to
announce that her music classes will
begin next Tuesday, September 17th.
All interested are requested to con-
sult Mrs. Law at the home of Mrs.
Hall on that date.

Mr. and Mrs. John Sureddin and
baby were week-end visitors with
Mr. and Mrs. Gus Mann and family.
Evelyn and Jeanette Mann returned
with them to San Antonio, where
Evelyn plans to enter as a freshman
at Our Lady of the Lake College and
Jeanette will attend St. Ann's School.

J. G. Walters, the prize-winning
Ford car salesman, returned Tuesday
from a very pleasant week visiting
the Fair at San Diego, California,
and other California points, includ-
ing Hollywood, Beverly Hills, Santa
Monica Beach and Los Angeles. Mr.
Walters says he considers the scenery
great but for earning a living, unless
a star in movieland, better stay in
Medina County. All expense for this
trip was taken care of by the Ford
Motor Co., which really made it en-
joyable. Washouts on the Southern
Pacific in West Texas compelled the
party to detour at El Paso and re-
turn by way of Fort Worth to Hous-
ton, giving them considerable more
travel than expected. The Ford Mo-
tor Company exhibit is an interesting
feature of the San Diego Exhibit.
The same will doubtless be repeated
next year at the Texas Centennial.

Miss Thelma Lynch returned last
week from an all-summer stay in
San Antonio. She did graduate work
at Incarnate Word College part of
the time.

Hon. Jordan T. Lawler was over
from Castroville Monday on legal
business and while here paid our of-
fice a pleasant call. Mr. Lawler ex-
pressed confidence that the school
bonds will carry in the election to be
held there tomorrow.

Origin G. Crow returned Saturday
from San Antonio where he had been
to take an examination as to his
qualifications as a radio operator.
While in the city he had the pleasure
of attending an instructive illustrated
lecture on radio developments.

Mrs. L. J. Brucks returned Sunday
night from a month's visit with re-
latives in Connecticut and with her
sons, Charles and Louis Brucks, and
families of Chicago, Illinois. She
was accompanied home by her little
grandson, Charles, Jr., the little 8-
year-old son of Mr. and Mrs. Charles
Brucks, who will spend the winter
here.

Floyd Mechler and Jake Schuchle
left Sunday for Houston where they
will enter Rice Institute for their
Freshman year. They graduated from
Hondo High School last May and dur-
ing their four years in high school
were prominent members of the Owl
football team. It is understood that
Buddy and Jackie are material for
the Rice football activities.

Hondo's monthly Trades Day was
held Wednesday afternoon, Septem-
ber 11, on College Square. The fol-
lowing were the recipients of the
awards made by the local merchants
and business men: Christine Turner,
Jimmie Smith, F. F. Muenink, Mrs.
Allen Tillotson, Mrs. Robert Niet-
hoefer and Mrs. Wesley Heyen. The
next Trades Day event will be held
on October 9th.

The last Baptist-Methodist union
Sunday night services for the sum-
mer were held at the Baptist church
last Sunday night. Rev. Shan M.
Hull preached to a large and appre-
ciative congregation of both faiths.
This exchange of pulpits by the
two churches, many feel, has brought
about a closer bond of Christian
brotherhood and been helpful to the
spiritual life of both congregations.

Commissioners Court was in ses-
sion here Monday. Aside from rou-
tine matters, the court set October
15th as the date for holding the road-
bond election in the Devine Commis-
sioner precinct. The proposal calls
for a \$20,000.00 bond issue for the
purpose of purchasing right-of-way,
building fences, etc., for Highways
Nos. 2 and 173, crossing the precinct
almost at right angles near its cen-
ter, one headed for a Mexico outlet
at Laredo and the other deep water
at Corpus Christi.

At the bank night event last Tues-
day the name of John T. McDerrell
of San Antonio was called to receive
the \$100.00 account. As he was not
present, the four \$10 accounts were
given away. After quite a number
of names were called the following
won the four awards: Mrs. Joe Pal-
le of Hondo, Mrs. Roland Chancy of
Hondo, Mrs. Oscar Rothe and Mrs.
W. O. Rothe, both of D'Hanis. Next
week there will be two \$100 bank
accounts and one \$80.00 account
called for at the Colonial Theatre.

The free show at the Colonial
Theatre Wednesday night, put on by
the Goodrich Tire Company and
sponsored locally by Breiten's Garage
of Hondo and J. F. Kimmerly of
D'Hanis, was attended by capacity
houses at both shows. The Goodrich
people have selected a splendid ve-
hicle for advertising their product in
the "Highway Patrol", a talking pic-
ture that as well as advertising the
tires introduces some important les-
sons in safe driving. At the same
time humor, adventure and the love
element are introduced so success-
fully that the suspense completely
"sugar coats" the sales talk. A very
clever arrangement is the entire
show.

MISCELLANEOUS SHOWS

On September 8, 1935, Miss
Burell was the honoree of a mis-
cellaneous shower, given at the
home of Mrs. Amanda Muenink, at
Hondo. The hostesses were Miss An-
drew Bendele, Mrs. Amanda Muen-
ink, Miss Alice Muenink, Mrs. G.
Bendele, Miss Lillie Allen and
Chas. Balzen.

The guests registered in a
painted bride's book, presented
Mrs. C. J. Stiegler.

The bride-elect entered while
music was rendered by Miss A.
Muenink, into a decorated room
red, white and blue, carrying a
labor day color scheme.

The following toast was given
Miss Nettie Stiegler:
To Irene, lovely, and fair of face
With attractive ways, and form
grace,

As you embark on Matrimony's
May you enjoy a happy trip,
And if in time of storm the old
should rock,

Just hold fast and love will bring
safe to dock.
For instance, if your biscuits fail
rise
And your cakes turn out to be pie
And your better half, with glowing
looks,

Compares your efforts with
"way that Mother cooks",
Don't lose your temper, 'tis said
advantage may be gained,
By gently saying, "You're right
dear, I am to be blamed".

To the bride here's health,
We wish you happiness, we wish
wealth,
We wish you friends tried and
We wish you joy, and sorrows
We wish you wedded bliss with
tune in store.

How can we, dear bride, wish
more.

The gifts were carried in a wa-
gon decorated with cotton and
drawn by Calvin C. Balzen and
presented to the honoree.

Refreshments were served, con-
sisting of chicken salad sandwich
cookies, iced tea and plate favors
some 35 guests.

ELEVATOR PAYS \$85,372.80 TO
FARMERS HERE.

Mr. Matt A. Keller, manager-treasurer of Adams Company Mill and Elevator, says up to Monday that firm had paid \$85,372.80 for corn at the elevator. By the end of this week, if the weather remains favorable, they will reach the \$100,000 figures, it is thought.

COUNTY-WIDE MEETINGS DISCUSS TERRACING.

A meeting of the farmers of this section at the courthouse here Saturday afternoon was one of several county-wide meetings held to discuss soil erosion and terracing; and to take steps in getting aid for the purchasing of terracing machines. County Agent Merritt presided over the meeting. The News man was out of town and did not get all the particulars.

MR. GEORGE W. MORRIS.

George W. Morris, 72, died at his residence, 1627 W. Laurel, San Antonio, on August 27th, and was buried in Evergreen Cemetery at Devine, August 28th, after appropriate funeral services held at First Baptist church, Rev. L. R. Coeheim and W. L. DuBose officiating.

Morris is survived by five sons, Grover C., T. H. and L. C. Morris, of San Antonio, George W. Morris, Jr., of Brawley, Cal., and John E. Morris of San Diego; two daughters, Mrs. A. H. Vandervort of Waco and Mrs. Earl Wolfe of San Antonio; three brothers, L. Morris of Hondo, Arch Morris of Devine and Frank Morris of Los Angeles; four sisters, Mrs. Maude Garrett and Mrs. Henry Crutchfield of Devine, Mrs. Mollie Hancock of San Antonio and Mrs. Melbie Forsush of Los Angeles, and 18 grandchildren and four great grandchildren.

He was an early settler of this community, farmed for a time and later conducted a general mercantile business for several years. He had lived in San Antonio a few years conducting a small grocery store. His wife died only a few weeks ago. The body was placed beside that of his wife. Five grandsons and a nephew acted as pall bearers: Jack, Elmer, R. H., Eddie and Elliot Morris and Claude Williamson.

DEVINE'S FIRST CAR PEANUTS LOADED MONDAY.

Fred Bowman shipped a car of peanuts Monday, sold at 80 cents. This is the first car of peanuts for this season from our depot, we believe. Lytle has shipped twenty cars by this time, we suppose.

FROM BIRY.

Mrs. Emma Haass returned home after a week's visit in San Antonio.

Mr. and Mrs. Alvin Hartung of San Antonio are visiting Mr. and Mrs. Joe Wernette.

Mrs. Henry Schmidt and Miss Dorothy Love of San Antonio were the guests of Mrs. Alice Littleton Sunday.

Mr. and Mrs. Geo. Bader and son, August, and Frances Bohl spent the week in Corpus.

Mrs. Ralph Bader and Kenneth spent the week-end with his parents, Mr. and Mrs. Ed. Bader.

Prof. and Mrs. McCarty returned Thursday from Kinzville where they

HOME COMING OF MRS. H. N. BURGIN FAMILY.

Last Sunday the following assembled at the home of their mother, Mrs. H. N. Burgin: Mrs. F. W. Bohmfalk and daughter, Helen, Mrs. Luella Ward and daughter, Edith, and sons, L. E. and James, of Yancey, Mr. and Mrs. Charles Burgin of League City, W. N. Burgin of Venezuela; Milton Burgin and wife and little son, Newton, of Luling; Mr. and Mrs. Fred C. Burgin of Cross Plains; Mrs. H. S. Pannen and son, Herschell, Jr., and Jack Burgin of Refugio. This was the first time in fifteen years that the whole family were together. Visitors present were Mrs. Jacob Saathoff and daughters, Misses Nellie and Alice, of Quibi; Mr. and Mrs. Walter Winkler and son, Jack, of San Antonio; Mr. and Mrs. Henry Lindeburg and daughter, Mildred, and son, Calvin, and Mr. and Mrs. Herman Lindeburg and daughter, Lillian; Mrs. C. H. Hartman and son, Frank, and William Barr of California. A pleasant day was spent. The occasion of the event was the return of W. N. Burgin who had been away for nine years, at Trinidad and Venezuela.

FROM YANCEY.

Monday morning there was quite a stir on account of school opening. The teachers had arrived and pupils are anxious to begin after a long vacation. We are certain that we will have a good school year with the faculty we have, who will be anxious to make this school a better one than before. Mr. Skinner and most of last year's faculty have been retained, and several new teachers added.

Dinner was served on the school campus, and baskets of all kinds of good eatables were unpacked at the noon hour.

Rev. Banks and family are attending a family reunion at Art, Texas.

Mrs. W. B. Ward and brothers, Charles and Fritz Bohmfalk, and little Betty Lou Bohmfalk returned from a two weeks' visit to relatives in California and Arizona.

Mr. and Mrs. Raeke and children of industry were visitors at the home of Mrs. Willie Fasel last week.

The community had a barbecue supper at the school house last Thursday evening—consisting of beef, salads, cakes, pies and coffee. The occasion was sponsored by the Masonic order.

COMMUNISM.

By Bert Lowe

These days we hear much talk and see much written of "communism," its evil influence in government, yet after all is said and done, the dissatisfaction voiced against our government is not a desire for a communist government, but rather a protest against the increasing rates of taxation which more and more are being saddled onto the poorer classes. The dissatisfaction is not "Communism" but a protest against 10 per cent of the population ruling the other 90 per cent, and the people classed as "Communists" are not all imported foreigners, as some would try to make us believe, but they are the very best Americans, with unquestionable patriotism, men who would lay down their lives without a qualm for love of country. Big business and the united press should meet these problems in the open. When a broncho rider hits the saddle he pulls the "Blind", so that the bronc may see where he is going and not take his rider over the cliff somewhere. That is just what any nation is doing when their press muzzles acts. They are heading for a cliff. There are various methods of disseminating knowledge. It is said the negroes of a certain town in the South knew of the death of Lincoln before the postmaster did. If we have any name for the discontent in government, let us coin one and not take an underhand hold on the poor devil that is just about down and out already. The press is fooling no one when it attributes these rumblings of discontent to a communistic desire. Our college professor whom they accuse of teaching "Communism" are falsely accused. What they are teaching and what the common people are learning is that they are not getting a square deal. Vice and corruption will not be controlled by finger pointing, but by a practical application of honesty in opportunity. Graft is the Lord chief counselor of opportunity now. Give every man an equal break according to his ability and you'll see discontent drift away like a morning mist in June sunshine. Give the old and indigent people the chance to live, respected, and dividends will be greater than are they on some investments already made. The broncho is headed for the cliff and F. D. R. is the rider with his saddle pockets full of mortgages on the government for funds from the big boys to invest in enterprises that can never possibly pay a dollar on the investment. The government will have a bad debt or a piece of property that a peon could not make produce 1 per cent returns. New men have been staked to farm projects when old heads thoroughly familiar with every phase of the game and the soil they have been cultivating have gone broke and are on "relief". How in the name of common sense can a man sit in a new game and win who don't know one card from another? Equally strong is the demand from the rail road magnates for F. D. to try to lead a pack horse loaded with mortgages on the government to redeem them from loss by truck competition, regardless of the fact he has all he can do to keep from being "unloaded" any minute.

SALADS HOLD A FIRST PLACE IN THE MENU.

By Mrs. J. T. Langham.

There are many women, well trained in the culinary art, who do not know the secret in making attractive, tempting, delicious salads.

Practically every housewife should have some particular salad recipes which she can prepare on short notice. Some that her family and friends will enjoy and praise. Some that are not too expensive to make frequently and that she likes to make. She must know that the true greatness of a salad is the dressing—that it must be like milady's accessories, bright and spicy, to bring out the main effect or it must be more sober and sedate, for a dressed-up affair.

By knowing how to make these tempting salads, quickly and easily, she will no doubt prove to her husband that his tardy announcement of extra guests has left her completely undismayed.

I am going to give some salad recipes here that have been handed down for several generations and that are among the best and are so easily prepared.

SALAD BALLS FOR ANY OCCASION: Four medium sized beets; three medium sized Irish potatoes; one medium sized cabbage; one-fourth pint stuffed olives; one can of asparagus tips; one small can of pimientos; salad dressing, lettuce, or endive. To prepare salad quickly, use beets that have been pickled when canned. Now chop the beets fine after taking them out of the liquid. Mash the boiled potatoes well, shred the cabbage, chop the stuffed olives, and mix all the vegetables thoroughly, and mould into balls. Now cut the pimientos in tiny pieces and put here and there on the balls and place on lettuce, and pile salad dressing around base of balls.

As tomato season is approaching, I will give you a splendid recipe to use them with salad.

TOMATOES STUFFED WITH FROZEN SALAD: Six large firm tomatoes, one green pepper, one-half teaspoon onion juice, dash of cayenne, one-fourth cup cold water, one and one-half teaspoon of salt, one large cucumber, one teaspoon worcestershire sauce, one-half teaspoon mustard, one tablespoon gelatin, one cup mayonnaise and one teaspoon paprika. Cut a slice from tops of six blanched tomatoes. Scoop out the pulp, cut in small pieces, add the juice, strain to remove seeds; add one cucumber chopped fine, but discarding the seeds; chopped pepper, seasoning, dissolve gelatin in a little cold water and add to mixture and add mayonnaise last. Mix well and freeze in refrigerator pan and serve

THE LIVESTOCK SITUATION IN TEXAS.

By Robert Riff, Caretaker of State-owned jack, Medina County.

January 1, 1934, found literally thousands of farms and ranches over the state of Texas void of both mules and horses—others claimed a few brood mares but colts were a scarcity. Registered and high grade Stallions and jacks were seldom found anywhere in the State. The breeding and raising of horse and mule colts had declined during the past few years until the Federal Census of 1930 gave the average age at 18 years plus.

The above condition had not only affected the livestock industry, but had in a manner thrown the real farming program, on almost every farm, entirely out of order. Land that had been formerly used for pasturing and raising of feed was now planted to cotton—directly adding to the ever growing surplus and gradually bringing the price down to starvation levels.

It was obvious that something had to be done, not only for the livestock situation but to help correct the program on Texas farms. And to this end Hon. J. E. McDonald, Texas Commissioner of Agriculture devoted days of time and hard work in bringing about relief; seeing in the future the bringing back of horses and mules to Texas farms and ranches and an awakening to the real farming program of diversification.

The opportunity came at the time of the passage of the Horse Racing Bill, and Commissioner McDonald demanded and received for use by the State Department of Agriculture, 25 per cent of the State Tax to be used for the purchase of jacks and stallions to be distributed over Texas.

The first funds for this purpose became available in January 1934, and immediately the purchase and distribution of jacks and stallions was begun. The first seven months of the program found the State Department of Agriculture had delivered over Texas, one hundred and fifty Registered and high grade jacks and stallions, consisting of Belgian, Percheron, Saddle and Morgan Stallions and high grade jacks. September 1st, 1935, finds the State of Texas the largest purchaser of jacks and stallions in the United States; having purchased and delivered to this time, two hundred and twenty-four head, at an average cost of \$376.00. In the 106 head of jacks owned by the State of Texas is to be found "General Linden", the three times Grand Champion Jack of Tennessee, and which at this time is one of the five outstanding jacks in the United States. Also prominent among the jacks owned by the State of Texas and which are proving their worth in many counties are "Black Hawk Chief", "Brigadier General", "Colonel Taylor" and many others. Eighty

six head of registered and high grade Draft Stallions are now located on Texas farms and ranches, through the efforts of Commissioner McDonald. In these stallions the foundation stock for more and better colts will be had for the raising of better brood mares is very necessary. In portions of the State needing Saddle type horses, Commissioner McDonald has placed thirty-two head of registered Saddle stallions.

For the period ending August 31, 1935, approximately 11,000 breedings have been reported by the caretakers of these jacks and stallions. Figuring on the basis of a seventy per cent colt crop there will be 7,700 horse and mule colts grazing on Texas farms and ranches within the next few months at an estimated value of more than \$450,000.00 increase in livestock for Texas. And it is evident that each year will find this program growing until once again Texas will find her vast acres used for the purpose for which it was intended, and Texas should within a few short years be one of the foremost livestock producing states of the Nation.

Figures show that in thirteen Southern States, sixty-five per cent of all work stock are mules. In some states eighty-five to ninety per cent are mules. With the exception of Tennessee and Kentucky, practically all work stock used in the South is raised outside of the Southern States. Statistics show that we have in 1935, two million one hundred and ninety-six or 26 per cent less work stock than we had in 1920.

Commissioner McDonald states that efforts will be made to place Jacks and Stallions in every County of the State as fast as funds accrue for this purpose, and to show the interest of Texas in this program, there is on file with the Department of Agriculture more than 2000 applications for jacks and stallions.

The above article is printed at the request of Mr. Riff. Mr. Riff received a fine Kentucky jack from the State on August 20th and is caring for him at his ranch on the Quini road just east of the New Fountain Methodist church. In Mr. Riff the State made a good selection of a caretaker as he knows livestock, knows the need of the farmers for young work mules and will give both the State and the farmers careful and efficient service. It is to be hoped Medina County farmers will take advantage of this opportunity to replenish their depleted supply of work mules. The fees are only \$7.50, in advance, placing the service within reach of every owner of a brood mare in the county.

HONDO HIGH SCHOOL OPENS.

The students of Hondo High School assembled in the Study Hall Monday, September 9. Mr. Barry explained the regulations and schedule of the school. A fifteen minute class schedule was followed throughout the morning. The students were dismissed at noon to be back the following morning. Books were not issued until Tuesday.

THE FACULTY.

To the members of the faculty The Owl Staff extends a most cordial welcome. We feel that if the student body will co-operate with the faculty, this will be another successful year in the life of Hondo High School.

Mr. Barry, our most capable and efficient Superintendent, was graduated and obtained his B. A. degree from Baylor University. During the last two summers he has attended Texas University. Mr. Barry is teaching the Spanish course.

Mr. Broxton, Principal and Science teacher, has a Bachelor of Science degree from Texas A. & M.

Mr. Clifford Sadler has a B. S. degree from Texas A. & I. Mr. Sadler is the teacher of Vocational Agriculture.

The Math teacher is Mr. M. L. Dowell. He has an A. B. degree from Baylor University.

Miss Catherine Claypool is the commercial teacher. She holds a B. A. degree from Baylor University.

The coach and Social Science teacher, Mr. W. T. DuBose, has a P. degree from Texas University.

The Home Economics instructor is Miss Barbara Stubbs. She has a B. degree from Texas University.

Miss Jacqueline Adams has an A. degree from Baylor University.

Miss is the High School English teacher.

Mr. Tom Laxon has the seventh grade pupils. He has attended southwestern University, Texas A. & the University of Colorado.

Miss Lucy Richards holds a B. A. degree from Baylor University. She teaches the sixth grade.

Miss Olivia Shaw, the fifth grade teacher, has attended the San Marcos State Teachers' College.

The fourth grade is taught by Miss Frances Ann Harris. She has a B. S. degree from Texas University.

Miss Perry Chamberlain, teacher of the third grade, attended the Texas University, the Texas State College for Women (CIA), and the southwestern Texas Teachers' College.

The second grade has as its teacher Miss Eddie Connor. She has a B. S. degree from George Peabody Teacher's College.

Miss Willie D. Fly is again teaching the first grade. She has attended Texas University, Southwestern at Georgetown, University of California at Berkeley, and San Marcos State Teachers' College.

The Mexican Faculty is composed of Mr. Edward Earnest, B. S. degree from S. T. S. T. C.; Miss Thelma Finch, B. S. from Sul Ross; Mrs. Iroline Cameron, B. A. from Texas University; and Miss Lucille Newton, A. from Southwestern.

—Owlets—
P. T. A. MEETS.

The Parent-Teachers Association held its first meeting of the year in the High School Auditorium, on Monday afternoon, September 9.

Ms. S. G. Carter, the former president, gave the welcome address, and Ms. Willie D. Fly gave the response.

Emily Smith rendered two beautiful vocal solos. The "Firecrackers" sang a lovely selection of numbers.

The program was followed by a short business meeting at which the Room Mothers for the new school year were appointed. Mr. Barry gave a very interesting talk.

The new Home Economics rooms were used for the first time in that a lovely reception for the teachers was held there. This reception is an annual affair of the P. T. A. The new P. T. A. officers and the teachers made up the receiving line. Delicious refreshments of sandwiches and iced tea were served.

The monthly book award of the association was given to the third grade for having the largest number of representative mothers present.

SCHOOL IMPROVEMENTS.

Our school has undergone several changes and improvements during the past summer.

Under the able direction of the Board of Trustees and the Superintendent two new departments have been added—Home Economics and Vocational Agriculture.

There are sixty-four enrolled in the Home Economics classes. We girls feel that it is indeed a privilege to be able to take this course, and we are very proud of our beautifully equipped department. The boys, we are sure, feel just as proud of their department.

SCHOOL OF INSTRUCTION.

A School of Instruction for all the P. T. A.'s of the County is to be held in the High School Auditorium, Wednesday, September 18, at 1:30 P. M. Let's have a good representation of the Hondo P. T. A.!

OWL STAFF APPOINTED.

THE OWL Staff for the ensuing year was officially appointed by Mr. Barry Monday afternoon. They are as follows: Editor-in-chief, Jean McCall; business manager, Orceneth Fly; personal editor, Evelyn Barnes; sports editor, Edmund Ney; society editor, Anna Laura Weihausen; departmental editor, Lela Grace Reily.

ROOM MOTHERS APPOINTED.

At the P. T. A. meeting Monday afternoon the Room Mothers for the new school year were appointed as follows:

First grade—Mrs. Felix Holmig.
Second grade—Mrs. Emmitt Nester.
Third grade—Mrs. C. J. Monkhouse.
Fourth grade—Mrs. Toby Taylor.
Fifth grade—Mrs. L. B. Grell.
Sixth grade—Mrs. L. E. Kollman.
Seventh grade—Mrs. J. M. Finger.

Ninth grade—Mrs. T. B. Knopp.
Tenth grade—Mrs. R. J. Noonan.
Eleventh grade—Mrs. T. C. Barnes.

Home Economics Dept.—Mrs. Berta McCall.

SOCIAL NOTES.

SUB-DEB CLUB.

The Hondo Sub-Deb Club was entertained by Miss Evelyn Knopp at her home Monday afternoon, at 4 P. M. Bouquets of roses added a decorative note to the living room where the meeting was held.

Miss Anna Laura Weihausen was in charge of the business meeting. It was decided that no new members should be taken in this year. Dues were collected and bills paid. A program was outlined for the year's work, but the program committee hasn't been appointed.

Refreshments were served to Misses Evelyn Barnes, Gracie Reily, Jo Reily, Doris Windrow, Sis Merritt, Anna Laura Weihausen, Annette Rothe, Frances Haegelin, Ginger Fusselman, Roseina Taylor, Margaret Ann Knopp, and the hostess.

After this meeting the new officers will be in charge.

BLUE BONNET UNION MEETS.

Sunday, September 8, the Hondo Epworth League went to Sabinal where this district had its regular quarterly meeting.

The other towns represented were Uvalde, Yancey, New Fountain, Sabinal, and Hondo.

Mr. Horace King of Westmoorland College delivered an interesting sermon and immediately following that, the Sabinal League served dinner for the visitors.

The Young People's meeting was begun at two and lasted until four. Several good talks and suggestions were made for the future and new officers were elected. Miss Evelyn Barnes of Hondo was elected Secretary of the Union.

Those present from Hondo were: Misses Jo and Gracie Reily, Jackie Bradley, Evelyn Barnes, Fern Ulbrich, Wilma and Irene Barkuloo, and Virginia Ulbrich; Harold Stiegler, Orceneth Fly, Jr., Jack King, Stanley Mumme, George Hull, Burleigh Smith, and Monroe Langford.

SUB-DEB DANCE.

The Hondo Sub-Deb Club honored three of its members on Wednesday, Sept. 4, with a dance at the home of Miss Evelyn Knopp and a slumber party at the home of Miss Evelyn Barnes.

As the guests arrived they were given gaily colored dance programs. The reception rooms were decorated with late summer flowers, and the porch and terrace were lighted by colored Japanese lanterns.

The table was laid with a natural linen cloth and was placed on the terrace. Mrs. Knopp was assisted by her younger daughter in serving punch, sandwiches, olives, and assorted mints, to the guests.

Those enjoying this charming party

were the honorees, Annette Rothe, Doris Windrow and Frances Haegelin, and Misses Anna Laura Weihausen, Sis Merritt, Gracie Reily, Evelyn Barnes, Jo Reily, Gwen Gray, Ginger Fusselman, Alyne Hudson of Laredo, and Evelyn Knopp, and Mr. Sadler, Mr. Dubose, Dr. John Henry Meyer, Walter Meyer, Bru Miller, Jake Schuehle, Buddie Mechler, Hugh Meyer, Benny Oefinger, Bonnard Rothe, Joe Haegelin, Jack Muennink, Johnnie Crouch, Jim White of Uvalde, Charles Tondre, Eppie Finger, Francis Koch, Don Windrow, Augie Hans of Devine, Jimmy Smith, Roy Schweers, Tommy Holloway, Nook Burgin, Babo Windrow, Tommy Danie, Jimmy Rihn, Mr. and Mrs. W. O. Rothe and Dr. and Mrs. T. B. Knopp.

THE SENIORS!

The Seniors started off this year with a "bang"! We had a class meeting the opening day of school. Our time was limited, and we only had time to elect the president and vice-president, Lela Grace Reily and Hugo Schweers, respectively. Another class meeting was called later in the morning to decide on our rings. We came to a decision after quite a little discussion, and now we are very anxious to get them as quickly as possible.

LADIES' BRIDGE CLUB.

Mrs. O. B. Taylor was hostess to the members of the Ladies' Bridge Club and several tea guests. After the games were scored, prizes were awarded Mrs. J. M. Finger for high and Mrs. Fletcher Davis for cut. Refreshments of molded fruit salad, saltines, cake and iced tea were served. Those present were Mesdames L. J. Brucks, Fletcher Davis, J. M. Finger, Earl Starnes, Alice Reinhart, F. H. Schweers, Robert Kollman, H. V. Haass, H. E. Haass and Felix Batot, and Miss Lillian Brucks, and the hostess, Mrs. Taylor.

TO HAVE DANCE.

Emmet Rahm, San Antonio musician who formerly resided at D'Hanis, and his orchestra will play for the modern dance Saturday night, September 14, at the Hondo Fair Grounds hall. Mr. Rahm's orchestra is composed of musicians who formerly played with Jimmie Klein's and Mack Roger's bands of San Antonio, and assures dance fans smooth rhythm and tuneful melodies for their enjoyment. The dance is being sponsored by the Medina County Boosters' Club which extends an invitation to all to attend and have a good time.

DORCAS CLASS.

The Dorcas Class met at the home of Mrs. E. E. Kollman on Wednesday afternoon, Sept. 4th, with fourteen members present. Several business matters were discussed and the following officers were elected for the new year: Mrs. E. E. Kollman, President; Mrs. Bil Crow, 1st Vice President; Mrs. Toby Taylor, 2nd Vice President; Mrs. Newell Woolfs, Secretary-Treasurer, and Mrs. O. G. Crow, reporter. At the conclusion of the business meeting a social hour

was enjoyed, after which refreshments of frozen salad, saltines and iced tea were served.

There's lots of room in the FORD V-8

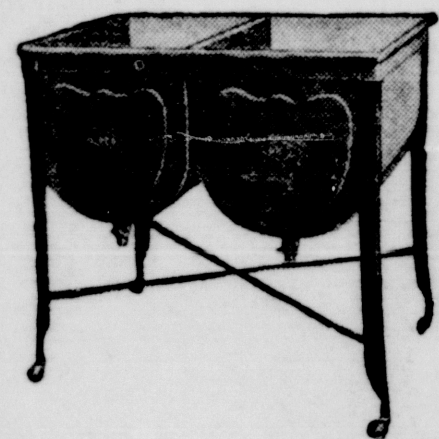

EVERY ONE who steps into the Ford V-8 for the first time is surprised at its roominess. There's exceptional seat room, leg room and head room in all body types — the whole car gives you a feeling of substantial size.

The Ford gives you extra body room because of the compact design of the V-8 engine — an exclusive Ford feature at a low price. This V-8 engine takes up less space in the hood and permits more of the car's length to be used for passenger comfort. Many a

car selling at a higher price does not give you as much interior room as the Ford V-8.

Rear seats are wide and restful . . . three people can ride comfortably in the front seat of the Fordor Sedan, Fordor Touring Sedan, Convertible Sedan and Phaeton, and in the Coupes and Roadster. The seat of the Ford V-8 Roadster is 52 inches wide. A ride in the Ford V-8 will show that it combines unusual body room with fine-car performance, safety and comfort.

SAN ANTONIO LIVESTOCK.
Monday, September 9.

Price levels in the cattle division jumped fully 25 to 50 cents on practically all classes or slaughtered and shipping cattle Monday on the San Antonio livestock market. Supplies were not quite so heavy as on last Monday and new methods of trading adopted on this market sent offerings to the scales much more rapidly and trading was more satisfactory around. Best calves and light yearlings sold quickly up to \$6.75, or 50 cents higher than last week's close, and around \$1.00 higher than last Monday. Heavyweight steers of good quality moved quickly at \$3.25 to \$5.50 with slightly higher paid sparingly on better grades, or 50 cents higher. All cow stuff moved in the advances; low cutter and cutter cows moving in a spread of \$1.75 to \$3.00; plain butcher cows, \$3.25 @ 4.00; choice fat cows at \$4.25 @ 4.50. Stocker steer yearlings of good breeding were in active demand, mostly on shipper account, at \$5.50 to \$6.00, or fully 50 cents higher. Beef bulls were draggy but held steady at a top of \$4.25.

The hog market held steady and active at last week's new top of \$10.25 for choice 175-250 pound truck offerings. Feeder pigs continued in active demand at \$7.25 to \$8.25.

No sheep or goats were offered but quotations held steady.

Receipts and quotations Monday were: Cattle, 300 head; calves, 274 head; calves, common and rannies, \$2.50 @ 3.50; general spread of calves, \$3.75 @ 5.25; better kinds to choice, \$5.50 @ 5.75; common to medium grass steers, \$3.25 @ 4.25; better kinds, \$4.50 @ 5.50; low cutter and cutter cows, \$1.75 @ 3.00; plain butcher cows, \$3.25 @ 3.75; good and fat, \$4.00 @ 4.50; butcher bulls, \$3.00 @ 3.50; beef bulls, \$3.75 @ 4.25.

Hogs, 118 head; choice 175-250 pounds, \$10.25; medium and heavyweights, \$8.50 @ 9.75; lights and feeder pigs, \$7.25 @ 8.25.

Sheep and goats, none; choice milk lambs, \$5.00 @ 6.00; wethers, \$2.50 @ 3.00; goats, \$1.25 @ 2.00.

WINS PRIZE.

Lena Reinhart, D'Hanis, Texas, is the winner of a \$5 cash prize in the nation-wide "Make It Yourself" contest conducted by Sears, Roebuck and Co. Miss Reinhart was awarded one of ten fifth regional prizes in the senior division class for slip covers, curtains and draperies.

More than 47,000 entries from all of the 48 states were received in the Sears contest, it was announced. To provide an opportunity for as many as possible to participate and share the \$15,000 in prize money, Sears divided the contest into six classes, \$10,500 being offered for 1,080 regional awards in the senior division, \$2,700 being reserved for 480 junior winners and \$1,800 going to the ten survivors in the national eliminations.

Church organizations, schools and clubs also were eligible to enter the contest the same as individuals. Workmanship, color selection, design, neatness, cleanliness and individuality are the quantities by which entries have been appraised by the judges.

Judges of the contest in Sears, Roebuck and Co.'s Dallas region were Alpha Lynn, county home demonstration agent in Dallas, Laura Breihan, art teacher at the College of Industrial Arts in Denton, and Mrs. Stone J. Robinson, prominent Dallas club leader.

D'HANIS PLANS FLOOD CONTROL.

Uvalde, Texas, Sept. 8.—The little town of D'Hanis in Medina County, 35 miles east of Uvalde, which was swept by disastrous floods on May 31 and July 24, is making preparations to prevent a recurrence of the floods, according to F. J. Carle, one of the town's leading business men. Residents of the town plan to create a flood control district, and they have also made application to the district Works Administration office here for aid in a project calling for strengthening of the channel of Seco Creek, one mile west of the town, removal of brush and undergrowth from the creek's channel, and the building of levees at a point north of the city which, it is believed, will prevent flood-water from sweeping down through the town as it has done on two occasions this year. The channel will be straightened and the brush removed from the stream from a point one to two miles north of the town to a point 10 to 12 miles south of the place. The project is estimated to cost \$60,000 to \$75,000.

OWL'S EARS.

Hears Nothing, Knows All.

From THE OWL.

Ole Hondo High ought to be very interested in what's going to happen to its ex-Seniors this year, so here is something about them.

Doris Windrow, Jeanette Merritt, John Crouch and Jack Muennink will be at Texas University if they don't bust out.

Buddy Mechler and Jake Schuehle are gracing Rice Institute with their good looks.

Carroll Jones and Ted Dawson who were at Schreiner Institute this summer, will continue there this fall.

Our Lady of the Lake College, San Antonio, will have both of our last year's honor students, Frances Haegelin and Annette Rothe.

Mary Emma Finger will go back to Incarnate Word College, and Augie Finger is to be at Draughon's.

Roy Schweers, business manager of THE OWL last year, is going to take a business course at Draughon's.

Walter Meyer is going back to Tulane for his Senior year.

Tony Taylor is planning to attend Westmoorland.

A very interesting thing happened to Buddy Mechler in San Antonio last Sunday night. He had gone to see a show and was walking to the station when a negro stuck a gun in his ribs and commanded that he give up all his money. Buddy gave him about thirty-five dollars and his railway ticket.

He said that he had seen the negro on the train going into San Antonio. Moral: Never earn any money because someone else will steal it!

Sis Merritt spent the week-end in Uvalde.

Gracie Reilly, Don Windrow, Doris Windrow, Johnny Crouch, Babo Windrow and Tommy Danie went swimming in ConCan Sunday. (The Frio was on one of its largest rises!)

Misses Hodges and Fawcett are in San Marcos attending Teachers' College on leave of absence.

Miss Alyne Hudson of Laredo spent last week as the guest of Benny Oeffinger, her cousin. This charming visitor made many friends during her short stay here.

DR. AND MRS. KNOPP HOSTS.

The Wednesday Night Bridge Club was delightfully honored, together with a number of additional guests, with a bridge party Wednesday night of this week. Dr. and Mrs. T. B. Knopp were hosts of the affair. Following the conclusion of the games prizes were awarded to the following winners: Mrs. H. J. Meyer and Mr. L. E. Heath for the club members and Mrs. J. G. Barry and Mr. Barry for the guests. Refreshments of orange punch were served. The club personnel and guests included Dr. and Mrs. W. H. Smith, Dr. and Mrs. H. J. Meyer, Dr. and Mrs. O. B. Taylor, Mr. and Mrs. Earl Starnes, Mr. and Mrs. Robert Koldman, Mr. and Mrs. M. L. McDowell, Mr. and Mrs. M. I. Broxton, Mr. and Mrs. J. G. Barry, Mrs. L. J. Brucks, Miss Josephine Brucks and Mr. L. E. Heath, and the hosts, Dr. and Mrs. Knopp.

CARD OF THANKS.

We wish to express our sincere thanks to those who aided us during the illness and death of our beloved father, B. F. Moss; also for the beautiful floral offerings.

Farmers of Hopkins county are seeding their pasture land with bur clover, dallis grass, and lespedeza this spring. County agricultural agent S. L. Neal recommends that the three kinds of seed be mixed together and fed at the rate of two pounds of the mixture to every 100 pounds of feed. This method serves a two-fold purpose, in that the seed is not injured and is left in fertile places, and the stock does not bother the plant the first year. Other farmers in this county are mixing the seeds with barnyard manure and putting it out in the pasture.

A great saving in the feed cost for his hogs this spring is reported by John Ewen, swine demonstrator in the Estelline community in Hall county. Ewen made the saving by running his hogs on excellent alfalfa pasture. He reports that his concentrate requirements have been cut from one-fourth to one-third. His pigs are thrifty and making rapid gains. In addition to the pasture furnished the hogs, Ewen reports an excellent hay crop cut from the alfalfa field.

Thirty-five dollars profit per acre was made on seven acres of blackberries this year by Wilson Herndon of Comanche county. Herndon picked 300 gallons per acre and lost fully 300 gallons on the patch this year due to the extreme rainy weather during the picking season. Herndon says that his land would not make more than one-fifth of a bale of cotton per acre, which after counting out all costs left no profit. He is now enlarging his berry patch as well as adding grapes and plums. He feels that his 27 acre place will make him an easy living through the sale of berries, fruits, truck crops, and through the live-at-home program he is getting under way.

News and advertising copy for this column for the week's issue should be submitted to Mr. Naegelin or mailed direct to us at Hondo not later than Tuesday night of each week. Mr. Naegelin is authorized to collect and receipt for this paper.

CASTROVILLE, TEXAS, TUESDAY, SEPTEMBER 10, 1935

The third School Bond election will be held at Castroville Saturday, Sept. 10th, and we hope all the voters who are qualified to vote will turn out and administer the proposition a third defeat. Reports received indicate that the proposal will again be voted down by a substantial majority, which is as it should be.

Dr. P. D. Williamson of San Antonio, who left here several years ago, will return to Castroville in the near future. The Doctor, we are informed, has purchased the Herbert Mills residence in the south part of town.

Miss Octavia Davis of Hondo was a Castroville visitor Sunday.

The proceeds of the August 25th celebration amounted to \$1,017.00, which goes into the church and school fund.

About seven inches of rain fell here in the last five days, insuring a good fall season, although it will delay the harvesting of the corn crop which had been in full swing before the rains. Much heavier rain fell in the hill country above Bandera as the Medina Lake for the first time since 1919 started running over the spillway on Tuesday of this week. It was running 3 inches deep and 1000 feet wide, and with some more rain we can expect high water. The rains will also insure a bumper fall feed crop.

A. E. Halbardier, Joe R. Naegelin and Albert Hoog attended the baseball game in San Antonio Sunday.

John Petsch of San Antonio was a Castroville visitor Sunday.

A miscellaneous shower was given in the St. Louis Hall on Sunday, Sept.

The carrying capacity of a pasture on the land of Colin Walton, Castro county farmer, will be more than doubled this season because of water held by terraces from one recent rain, according to the estimate of the county agricultural agent, E. N. Thomas. Walton spent most of last winter building a system of terraces across a wide draw draining into a flat lake in his pasture. The terraces were run level from end to end and the ends built up to hold the water from running around; and terraces were placed close enough together to back the water nearly to the other terraces. Several acres of sloping land were also listed solid. During the recent rain, an inch and a half of rain and hail fell in about 30 minutes. The terraces held the water back out of the lake to such an extent that all of the water which ran into the lake soaked up by the next

8th, in honor of Miss Corine Tschirhart, a bride of this month. The presents received were many and useful. A very large number were present.

James G. FitzSimon is giving the inside of the parochial residence a neat coat of paint this week.

Albert Hoog and son, Joe, Miss Kate Schmitt and Mrs. Will F. Naegelin were San Antonio visitors Friday.

Otto Haegelin and Frank Tondre were San Antonio visitors Tuesday. Sheriff Schuehle, Judge Noonan and John Finger of Hondo were Castroville visitors one day last week.

LARGE BOND MEETING.

Some forty or more citizens of Castroville met on Saturday night, last, in the Castroville Common School auditorium and discussed the advisability of voting for or against the issuing of bonds for a new school building. Mr. Jordan T. Lawler presided over the meeting and invited those opposed as well as those for the bonds to speak. None spoke against the bonds, and from the applause given the speakers favoring the bonds the audience was 98 per cent pro bond.

Messrs. Jules Jagge, Fred Jagge, Jordan T. Lawler and Mr. Pinkert and others spoke from the floor.

On request of W. F. Naegelin representing those opposed to the school bonds to be voted on Saturday, September 14th, Judge R. J. Noonan appointed Charles Boehme and Frank Tschirhart as election supervisors.

Without the terraces, the lake would have filled and the grass drowned out for several weeks. The water would also have run across the draw without the ground soaking it up to any extent.

Welding

... the best way to make a perfect union of two pieces of metal is by welding them together.

... and the best way to get a more pleasing flavor and a better taste in a cigarette is by welding together the different types of tobacco ...

That is just what we do in making CHESTERFIELD Cigarettes—the three types of mild ripe home-grown tobaccos, that is tobaccos grown in this country, are welded together. Then they are welded with aromatic Turkish.

When these tobaccos are welded

together you get a combined flavor which is entirely different from any one type of tobacco.

It is this welding of the right amounts of the right kind of tobaccos that makes CHESTERFIELD a milder and better-tasting cigarette.

A DEPLORABLE TRAGEDY.

This entire community was grieved and shocked at the tragic death of Mr. George R. Bohmfalk which occurred late Tuesday evening, September 9, 1935.

Mr. Bohmfalk was working in his field Tuesday afternoon. He had a 22-calibre rifle with him in the field and told Mrs. Bohmfalk he would shoot jackrabbits before coming home from his work. Not returning at the expected time a search was made for him. His limp, unconscious body was found hanging on the wires of a fence and the discharged gun was on the other side of the fence. He was taken to the house, a physician called, but he died about nine o'clock, presumably about three hours after the accident. He never regained consciousness and just how the accident occurred will never be known. The reasonable presumption is that in attempting to cross the fence the gun was accidentally fired. The bullet entered his head on the right side and lodged in the brain.

The funeral was conducted at 2:30 o'clock Thursday afternoon and following a service at the Horger Funeral parlor by his pastor, Rev. H. W. Gaston of the New Fountain Methodist Church, interment was made in Oakwood cemetery under the auspices of the Masonic Lodge of which order he had been a member for several years. Rev. Gaston was assisted by Rev. F. A. Banks of Yancey and Rev. E. W. Dechert of Bandera.

George Rohlf Bohmfalk was born in Medina County on July 10, 1889 and was 44 years old at the time of his death. He was a volunteer and saw service in France during the World War.

He was married soon after the close of the war to a Miss Cook. Of this union a daughter, Mae Belle, and a son, Milton, were born. They with their mother survive to mourn the sad and untimely passing of a worthy husband and father.

AGED CITIZEN PASSES AWAY.

Mr. Benjamin Franklin Moss, an aged man and long time citizen of Medina County, died at his home near Yancey Wednesday, September 11, 1935. He was laid to rest in the old cemetery at Hondo Thursday morning, following a funeral service conducted by Rev. R. W. Merrill, pastor of the local Baptist church, at the Horger funeral parlor.

Benjamin Franklin Moss was born in Lee County, Miss., in 1845. He moved to Texas in 1875, living in Brazos County until 1890, when he came to Hondo where he made his home until 1895, then going to Yancey, where he spent the remainder of his days.

Deceased is survived by eleven children, namely: Allen and Walter Moss of Mississippi; Mrs. W. D. McCorquodale of Iowa, Texas; Eugene Moss of Oklahoma; Ben Moss of Leon Springs, Texas; Edgar Moss of Corpus Christi, Texas; Barney Moss of Mirando City, Texas; Mrs. Clarence Wernette of Devine, Texas; and Mrs. N. F. Berry, Mrs. Roy Breiten and Miss Mary Moss of Yancey, Texas; and a number of grandchildren. Mr. Moss united with the Baptist church in early life, remaining a consistent member until death. His faith in Christ as his Savior and his love of the Bible sustained him, though afflicted, to the end.

Though "ripe unto the harvest" and "sustained by an unflinching trust", his passing brings a sorrow to those who loved him that enlists the sympathy of all who ever knew and felt a similar sorrow.

WELCOME RAIN.

One of the most timely and helpful rains that ever blessed this section was falling as we went to press last week. The rain fell at irregular intervals from Wednesday afternoon until Saturday night. It fell gently each time, permitting most of it to soak into the ground, and was never at any time accompanied by wind or storm. It put the soil in good condition for plowing, gave the pasture grasses a new start and in many instances will produce a second feed crop from the stubble left from the first cutting. Conditions are ideal for planting a winter grain crop of oats, wheat, rye, etc.

The precipitation over the five day period amounted to 5.83 inches at Hondo. In other sections, particularly north of us, it seems to have been heavier. The Medina Lake is reported overflowing the spillway for the first time in many years.

P. T. A. MEETS.

The Parent-Teacher Association met on Monday afternoon in the school auditorium for its first meeting of the new school year. There was an unusually good attendance. A special program prepared by Mrs. Scott was enjoyed, after which the business meeting was held. Immediately following the business session a reception for the teachers was held. Refreshments of sandwiches and iced tea were served.

SILVER TEA.

A silver tea was given at the home of Mrs. Henry Merriman Wednesday afternoon and was sponsored by the two adult classes of the Methodist Sunday School. The house was beautifully decorated with pink roses and queen's wreath and the tea table was arranged in pink and white.

Several adjoining rooms were arranged with beautiful pieces of handwork, some very old and rare. These are owned by several ladies of Hondo.

The guests were entertained throughout the afternoon with a lovely program composed of vocal solos by Mary Ruth Wilson, Evelyn Barnes, and Bernice Chancey, vocal solos by Jimmy Smith, piano selections by Ivy Jean McCall, Evelyn Knopp and Betty Jean Merriman, piano duets by Frances Ruth Fly and Betty Jean Merriman, and two violin solos by Margaret Ann Knopp.

Delicious refreshments of chicken salad, wafers, cakes, and spiced tea were served throughout the afternoon.

MARRIED IN NEW MEXICO.

Word has been received by relatives here of the marriage of Tony Mercer Windrow, formerly of Hondo but now of Animus, New Mexico, to Miss Etta B. Lemon, also of Animus, which occurred in that place on Wednesday, September 4, 1935. Details of the wedding were not given.

Tony, who is a son of Mr. W. H. Windrow, graduated from Hondo High School in 1924, and attended Schreiner Institute, at Kerrville and the University of Texas. About two years ago he and his brother, Don, who is in Hondo at present, went to New Mexico for the purpose of homesteading a ranch. They settled near Animus, New Mexico. Tony's bride is the daughter of a rancher near Animus and was born and reared near there.

Both Tony's friends and friends of the family to whom the announcement came as a pleasant surprise wish him and his bride a happy and prosperous future, and are looking forward to their first visit to the old home town.

A NEW ENTERPRISE.

Workmen are busy installing machinery and equipment in the Isaac Wilson building, next door to Holloway Brothers' hardware store, for a pecan shelling and packing plant. The plant is being installed by Mr. Daniel McCrea, an experienced pecan man who has made his headquarters at Yancey for the past several years. Workmen stated that the plant will be ready for operation within the next fifteen days.

The pecan crop is said to be generally good over the country, and the enterprise should give employment to quite a number of people during the shelling season.

PRODUCE SHIPMENTS.

The rainy weather of the past week slowed up produce shipments from Hondo somewhat, but since our last report eight cars of corn, one car of maize and one car of hegari have been forwarded.

Up to Thursday only 22 bales of 1935 cotton had been shipped from Hondo. Up to a like date last year there had been 451 bales shipped out. The total shipments for 1934 season was 800 bales. This year has seen about the completest failure of the cotton crop ever experienced in Medina County.

MICHAEL H. WREN, ADVERTISING MANAGER OF THE NEW HAVEN (CONN.) JOURNAL-COURIER, SAYS:

"Newspaper advertising today offers golden opportunity to those who promote it carefully and correctly.

"Today even children turn eagerly from the comic pages to certain advertisements. Why? . . . Simply because the kids find romance, drama, colorful news or humor in the good ads.

"Never in the history of newspaper advertising has romance, glamour, colorful news or humor so dominated the selling message. Never has so much of it been packed into the column inch by alert copy-writers.

"As long as newspaper advertisers continue to offer real news, romance and thrills in their copy, advertising will continue to be as important to the readers as the day's news. By that I don't mean sensational advertising copy. The circus can come to town once a year, while good drama and romance will live forever.

"No longer do you hear readers remark, 'Don't pay any attention to that; it's only an ad.' Rather, 'Let's buy one of those; the ad states they're reasonable and we certainly need one.' The ad proved it!

"Promote your newspaper advertising campaigns as you would a show. Give them atmosphere, colorful appeal. The good advertiser is a good showman. He gives the public what it wants, without bunk, and yet with plenty of entertaining features—and the public loves it and responds enthusiastically to the announcements.

"YOU NEWSPAPER ADVERTISERS WHO ARE NOT INJECTING ROMANCE, THRILLS AND HUMOR INTO YOUR COPY ARE MISSING A GREAT BET. YOU ARE MISSING GREATER PROFITS AND, WHAT IS EQUALLY IMPORTANT, AN UNLIMITED AMOUNT OF GOOD WILL AMONG THE READERS."

QUIHI NOTES.

And Abraham drew near, and said, Wilt thou also destroy the righteous with the wicked? Gen. 18:23.

Abraham stands before the Lord. He knows the two cities are ripe for judgment; they have been an eyesore and a heartache for long. Good ridance, if beyond the hope of recovery or reform. But there might be an admixture of other elements in the cities, a few righteous. Will they, must they be swept away in the general doom? Would it be right to have the "innocents" suffer with and for the wicked? His heart goes out to them. His plea is deep and insistent. He is working with "peradventures", hypothetical cases, hoping against hope, "bargaining" with the utmost tenacity for the welfare of a possible fifty down to a possible ten of righteous. Much as has been made from this text, relative to the typical character of the Jew today, claiming it to be a kind of historical index, the germinating starting point, for their alleged sharp practices, their financial bootlegging, their underhanded or, where possible, strong-arm methods, etc., that made them, rightly or wrongly, an international irritant, with public aversion now spitting and simmering, now rushing and crashing against them. This peculiar inference seems to be corroborated in the light of a characterization that one of their own men has given recently for the modern Jew: "We have but one weapon, our wits . . . We learn to think quickly, and talk glibly, to parry nimbly and thrust hard. We learn to be shrewd, artful and tirelessly aggressive." Yet, Abraham, with the emphasis of his whole soul, did what, later on, Moses and Paul did for their people, what Christ did for the whole world, what the Holy Spirit does in making intercession for us, what we should do for "all men", leaving the way out to our supreme Arbitrator, God.

Our last Sunday's program did not come off per schedule. Though services were had, the main thing, our Confirmation, could not be carried out. The Lord had directed otherwise and we gladly submitted; the rain was a godsend. And how deeply grateful we should be in view of the terrible loss of life and property in the stricken area of Florida. Weather permitting, we shall have our confirmation next Sunday; also the call meeting. The Sunday school teachers will assemble next Friday evening; the catechumens on Saturday morning for the final period of instruction.

Mrs. Jacob Breiten has been down in bed for a few days, suffering a good deal of pain. She was well taken care of by her children, and at our last visit we found her greatly improved and in her former nappy frame of mind. We are thankful with her.

Announcements for Sunday, September 15th: Confirmation service at 9:30 A. M. No Sunday school, evening service at 7:45, beginning with the confessional service. Lord's Supper administered. "I love thy Zion, Lord." Do you?

OF INTEREST TO COTTON FARMERS.

The new cotton loan plan proposes a loan of 10 cents per pound on 7/8" low middling or better. The total received by growers of cotton which does not command premiums cannot exceed 12 cents per pound, so long as the base price is below 12 cents per pound. The adjustment payment will be made on the basis of the 10 spot market average on the actual day that cotton is sold by the producer. These adjustment payments will be made through the cotton year up to August 1, 1936. They will be made to those producers who have cooperated in the adjustment program and who agree to participate in the 1936 crop program. Adjustment payments to cotton farmers will be limited to 2 cents per pound. If it should develop that prices drop below 10 cents, producers would be expected to put their cotton in the loan and wait for prices to recover. The adjustment payment will apply to all sales of 1935 cotton, including those already made. Cotton producers who may wish to sell their cotton immediately and whose crop is already being harvested and gained for sale are urged by the Agricultural Adjustment Administration to obtain and keep sales slips from buyers, so as to be sure to have adequate sales records on which the Government will be able to make adjustment payments under the new loan and payment plan. The necessary forms upon which payments of the difference between the average price and 12 cents will be disbursed are being prepared. In the interim producers who desire to market their crop are advised to compile a careful record which will include a description of the cotton sold, the buyer to whom the cotton was sold, the date of sales and the names of the parties, including tenants, who have an interest in the cotton sold. It is especially important that producers should obtain from the buyer a memorandum of sale which contains the date of sale and the gross weight of the bale or bales sold.

ST. PAUL'S LUTHERAN CHURCH.

"One thing is needful." Luke 10, 42.

How many wants have you? Somewhere we read the statement that a hundred years ago man's wants were around 70 and today they are nearly 500. However, man's necessities are far fewer than his wants. Perhaps less than 1-5 of his wants are necessities. It is true, in time we become accustomed to call certain things necessities which are only wants after all. But we want them so much that they seem to fill a distinct need. Think of the thousands of articles offered to man for sale, from which he must distinguish between the things he needs and the things he merely wants but cannot afford.

And when we boil these necessities down we find that man's actual needs are few. Jesus says, "One thing is needful." To hear the Words of God which are a power of God unto salvation; this towers above them all as the necessity of life. Which place does it hold among your life's necessities? "Be quick to hear."

The service next Sunday, Sept. 15, will be English beginning at 10:00 A. M. Sunday school and Bible class at 8:45.

Sunday, Sept. 22, German service with Holy Communion, beginning at 10:00. Service at Spottville at 2:30. The Church Council will hold regular session Thursday, Sept. 19.

REV. W. C. LEIBKARTH,

BAPTIST NEWS NOTES.

The Baptists hereby extend the hand of welcome and hearty greetings to our school teachers—all of them—but particularly to the new teachers who are strangers in our midst. All honor is due to the man or woman who pursues college work to the end that they may successfully occupy the chair of instructor in the public schools of our land. They will find a joyous welcome at the Baptist church, when it pleases them to come, and they are hereby invited to worship with us.

It is hoped that our Bible school may be up to high water mark on next Sunday morning and that all teachers may be in their respective places. At the 11 o'clock hour we will have Dr. J. R. Sampey of the Southern Baptist Theological Seminary to speak to the congregation from a Victrola record. Following this brief Victrola address, the Pastor will speak on The Glory of the Christian Life. He is seriously desirous that our entire congregation, so far as possible, shall hear this message. An opportunity will be afforded any who may be willing to do so to make a free-will offering to the endowment of the Chair of Old Testament in the Seminary.

The evening service at the church is to begin, commencing Sunday evening, at 7:30 o'clock. You are invited to worship with us at this hour. We will always have matters of deepest interest for our worship thought. Why do many turn away from Christ and His work, will be the subject.

"SANITY ON THE PRAIRIES".

It is refreshing to report that at least one state has managed to avoid the fallacy that the way to create prosperity is to spend billions on credit—credit which must be based on all the savings and wealth, all the property, all the industries, all the earnings and other resources of the commonwealth.

That state is Nebraska, which is described by W. E. Christensen in an article in the New York Herald Tribune entitled "Sanity on the Prairies".

Nebraska has a new \$10,000,000 capitol—without a penny of debt standing against it.

Nebraska has a splendid highway system—without a single outstanding bond.

Nebraska's state tax, which provides the funds for supporting the state university, four normal schools and all other state activities, has averaged less than two mills per year during the last ten years.

Nebraska has no state income tax, no nuisance taxes. The state hasn't one cent of bonded indebtedness. Total bonded debt of its 93 counties, in July, 1934, was but \$6,247,000—of which a single county, Douglas, accounted for \$4,500,000, leaving the small sum of \$1,700,000 apportioned among the 92 remaining county governments.

This sounds like a taxpayers' Union, which it is. It hasn't been achieved through magic. Here, according to Mr. Christensen, is the four-sided plan Nebraska follows:

1. Pay as you go; issue no state bonds and few county bonds. 2. Reject new forms of taxation. 3. Watch public spending and the spenders. 4. Remember that even in these changing times the functions of local government are the same as they were 15 years ago and should cost no more.

The plan is simple. It is workable. It is sound. Nebraska has led the way toward economic sanity—other states should fall in line.—Industrial News Review.

THE PEOPLE REVOLT AGAINST DEBT.

Signs indicate that the American people are at last awakening to the danger of tax-creating, property-confiscating bond issues.

A few weeks ago a special election was held in Rhode Island, in which the voters were called upon to pass on a number of proposals for building public works, and carrying on other activities in the name of relief. In spite of the facts that passage of all the bills would have increased the state's bonded indebtedness by about 50 per cent, the "dope" had it that the measures, with their political backing, would pass.

The "dope" missed. Rhode Island citizens voted down all but one of the measures, by heavy majorities. The measure that passed provided for direct relief for the needy, and was designed to achieve the necessary purpose at a minimum cost—without saddling the taxpayers with unnecessary and expensive public works.

A short time later the voters of California met a similar crisis at the polls. Several measures which would have put that already debt-ridden state further into debt, were on the ballot. An awakened citizenry swung the axe—and when the votes were counted the measures had taken hearty likings.

It is to be hoped that these elections, in widely separated states, are symbolic of the national trend of thought. The most menacing governmental ventures of recent years have been those which have piled debt upon debt, put government into competition with private business, increased taxes, weakened state credit and created industrial fear. This course has made it next to impossible to create normal jobs because private industry, sole source of productive employment, is afraid to take chances in the face of confiscatory taxation, legislation and regulation. We are drawing capital into tax-free federal bonds where its chief benefits accrue to our growing bureaucracy, not to the people or the needy.

DOG'S LIFE.

There were some forty dogs of every description scattered around the set at Paramount where Gracie Allen and George Burns were combating a platoon of vaudeville acts during the production of "Here

Comes Cookie", which comes Monday and Tuesday to the Colonial Theatre.

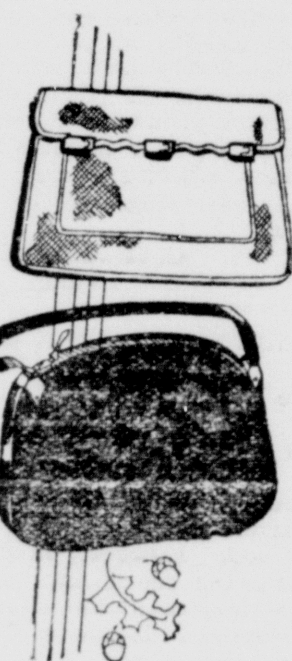

Gracie chose a big English sheep dog for her special pet, but a little poodle strenuously objected. He promptly adopted Gracie and gently but firmly edged the sheep dog out of the way.

"Is this what they mean by a dog's life, Georgie?" asked Gracie. "Because I can take dogs or leave 'em."

In the cast with Burns and Allen are George Barbier, Betty Furness and Andrew Tombes, and Broadway's favorite vaudeville headliners.

Judge and Mrs. D. H. Fly had as their guest last week-end Mrs. Fly's brother, Mr. E. N. McNutt, of Houston. Mrs. Fly had not seen her brother in a year and his visit was the occasion of much pleasure to both of them.

Miss Barbara Stubbs of Austin has been visiting Miss Dorothy Burgin a few days before beginning her work as Home Economics teacher here. She and Miss Burgin have taught together at Sabinal the past three years.

Elmer Bendele, formerly in the automobile business here but who recently failed in health, has gone to the sanitarium at Carlsbad for rest and treatment. His many friends here wish him an early restoration to his former health.

If you have a boy or girl away for the school term, either as a student or a teacher, you can send this paper to them during the continuance of the term for one dollar. Let them keep posted on the doings of the old home town.

Mrs. Lillian Law was here from Sabinal Thursday in the interest of her piano classes. She wishes to announce that her music classes will begin next Tuesday, September 17th. All interested are requested to consult Mrs. Law at the home of Mrs. Hall on that date.

Mr. and Mrs. John Sureddin and baby were week-end visitors with Mr. and Mrs. Gus Mann and family. Evelyn and Jeanette Mann returned with them to San Antonio, where Evelyn plans to enter as a freshman at Our Lady of the Lake College and Jeanette will attend St. Ann's School.

J. G. Walters, the prize-winning Ford car salesman, returned Tuesday from a very pleasant week visiting the Fair at San Diego, California, and other California points, including Hollywood, Beverly Hills, Santa Monica Beach and Los Angeles. Mr. Walters says he considers the scenery great but for earning a living, unless a star in movieland, better stay in Medina County. All expense for this trip was taken care of by the Ford Motor Co., which really made it enjoyable. Washouts on the Southern Pacific in West Texas compelled the party to detour at El Paso and return by way of Fort Worth to Houston, giving them considerable more travel than expected. The Ford Motor Company exhibit is an interesting feature of the San Diego Exhibit. The same will doubtless be repeated next year at the Texas Centennial.

Miss Thelma Lynch returned last week from an all-summer stay in San Antonio. She did graduate work at Incarnate Word College part of the time.

Hon. Jordan T. Lawler was over from Castroville Monday on legal business and while here paid our office a pleasant call. Mr. Lawler expressed confidence that the school bonds will carry in the election to be held there tomorrow.

Origen G. Crow returned Saturday from San Antonio where he had been to take an examination as to his qualifications as a radio operator. While in the city he had the pleasure of attending an instructive illustrated lecture on radio developments.

Mrs. L. J. Brucks returned Sunday night from a month's visit with relatives in Connecticut and with her sons, Charles and Louis Brucks, and families of Chicago, Illinois. She was accompanied home by her little grandson, Charles, Jr., the little 8-year-old son of Mr. and Mrs. Charles Brucks, who will spend the winter here.

Floyd Mechler and Jake Schuchle left Sunday for Houston where they will enter Rice Institute for their Freshman year. They graduated from Hondo High School last May and during their four years in high school were prominent members of the Owl football team. It is understood that the awards made by the local merchants and business men: Christine Turner, Jimmie Smith, F. F. Muennink, Mrs. Allen Tillotson, Mrs. Robert Nietenhoefer and Mrs. Wesley Heyen. The next Trades Day event will be held on October 9th.

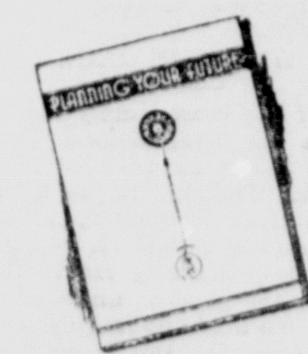

Hondo's monthly Trades Day was held Wednesday afternoon, September 11, on College Square. The following were the recipients of the awards made by the local merchants and business men: Christine Turner, Jimmie Smith, F. F. Muennink, Mrs. Allen Tillotson, Mrs. Robert Nietenhoefer and Mrs. Wesley Heyen. The next Trades Day event will be held on October 9th.

The last Baptist-Methodist union Sunday night services for the summer were held at the Baptist church last Sunday night. Rev. Shan M. Hull preached to a large and appreciative congregation of both faiths. This exchange of pulpits by the two churches, many feel, has brought about a closer bond of Christian brotherhood and been helpful to the spiritual life of both congregations.

Commissioners Court was in session here Monday. Aside from routine matters, the court set October 15th as the date for holding the road-bond election in the Devine Commissioner precinct. The proposal calls for a \$20,000.00 bond issue for the purpose of purchasing right-of-way, building fences, etc., for Highways Nos. 2 and 173, crossing the precinct almost at right angles near its center, one headed for a Mexico outlet at Laredo and the other deep water at Corpus Christi.

At the bank night event last Tuesday the name of John T. McDermell of San Antonio was called to receive the \$100.00 account. As he was not present, the four \$10 accounts were given away. After quite a number of names were called the following won the four awards: Mrs. Joe Palle of Hondo, Mrs. Roland Chancey of Hondo, Mrs. Oscar Rothe and Mrs. W. O. Rothe, both of D'Hanis. Next week there will be two \$100 bank accounts and one \$80.00 account called for at the Colonial Theatre.

The free show at the Colonial Theatre Wednesday night, put on by the Goodrich Tire Company and sponsored locally by Breiten's Garage of Hondo and J. F. Kimmerly of D'Hanis, was attended by capacity houses at both shows. The Goodrich people have selected a splendid vehicle for advertising their product in the "Highway Patrol", a talking picture that as well as advertising the tires introduces some important lessons in safe driving. At the same time humor, adventure and the love element are introduced so successfully that the suspense completely "sugar coats" the sales talk. A very clever arrangement is the entire show.

MISCELLANEOUS SHOWS

On September 8, 1935, Miss Burell was the honoree of a miscellaneous shower, given at the home of Mrs. Amanda Muennink, at Hondo. The hostesses were Miss Am Bendele, Mrs. Amanda Muennink, Miss Alice Muennink, Mrs. C. Bendele, Miss Lillie Allen and Chas. Balzen.

The guests registered in a painted bride's book, presented Mrs. C. J. Stiegler.

The bride-elect entered while music was rendered by Miss J. Muennink, into a decorated room, white and blue, carrying a labor day color scheme.

The following toast was given: Miss Nettie Stiegler:

To Irene, lovely, and fair of face With attractive ways, and form grace,

As you embark on Matrimony's May you enjoy a happy trip.

And if in time of storm the old should rock,

Just hold fast and love will bring safe to dock.

For instance, if your biscuits fail rise

And your cakes turn out to be pie

And your better half, with glowing looks,

Compares your efforts with "way that Mother cooks",

Don't lose your temper, 'tis said advantage may be gained,

By gently saying, "You're right dear, I am to be blamed".

To the bride here's health.

We wish you happiness, we wish wealth,

We wish you friends tried and true

We wish you joy, and sorrows few

We wish you wedded bliss with tune in store.

How can we, dear bride, wish more.

The gifts were carried in a wagon decorated with cotton and drawn by Calvin C. Balzen and presented to the honoree.

Refreshments were served, consisting of chicken salad sandwich, cookies, iced tea and plate favors, some 35 guests.

MR. GEORGE W. MORRIS.

George W. Morris, 72, died at his
residence, 1627 W. Laurel, San An-
tonio, on August 27th, and was bur-
ied in Evergreen Cemetery at Devine,
August 28th, after appropriate fu-
neral services held at First Baptist
church, Rev. L. R. Coeheim and W.
L. DuBoise officiating.

Morris is survived by five sons,
Grover C., T. H. and L. C. Morris, of
San Antonio, George W. Morris, Jr.,
of Brawley, Cal., and John E. Morris
of San Diego; two daughters, Mrs.
A. H. Vandervort of Waco and Mrs.

brothers, L. Morris of Hondo, Arch
Morris of Devine and Frank Morris
of Los Angeles; four sisters, Mrs.
Maude Garrett and Mrs. Henry
Crutchfield of Devine, Mrs. Mollie
Hancock of San Antonio and Mrs.
Mellie Forman of Los Angeles, and
18 grandchildren and four great
grandchildren.

He was an early settler of this
community, farmed for a time and
later conducted a general mercantile
business for several years. He had
lived in San Antonio a few years
conducting a small grocery store. His
wife died only a few weeks ago. The
body was placed beside that of his
wife. Five grandsons and a nephew
acted as pall bearers: Jack, Elmer,
R. H., Eddie and Elliot Morris and
Claude Williamson.

HOME COMING OF MRS. H. N. BURGIN FAMILY.

Last Sunday the following assem-
bled at the home of their mother,
Mrs. H. N. Burgin: Mrs. F. W. Bohm-
falk and daughter, Helen, Mrs. Lu-
ella Ward and daughter, Edith, and
sons, L. E. and James, of Yancey, Mr.
and Mrs. Charles Burgin of League
City, W. N. Burgin of Venezuela;
Milton Burgin and wife and little
son, Newton, of Luling; Mr. and Mrs.
Fred C. Burgin of Cross Plains; Mrs.
H. S. Pannen and son, Herschell, Jr.,
and Jack Burgin of Refugio. This was
the first time in fifteen years that
the whole family were together. Vis-
itors present were Mrs. Jacob Saath-
off and daughters, Misses Nellie and
Alice, of Quibi; Mr. and Mrs. Walter
Winkler and son, Jack, of San An-
tonio; Mr. and Mrs. Henry Lindeburg
and daughter, Mildred, and son, Cal-
vin, and Mr. and Mrs. Herman Linde-
burg and daughter, Lillian; Mrs. C.
H. Hartman and son, Frank, and Wil-
liam Barr of California. A pleasant
day was spent. The occasion of the
event was the return of W. N. Bur-
gin who had been away for nine
years, at Trinidad and Venezuela.

FROM YANCEY.

Monday morning there was quite
a stir on account of school opening.
The teachers had arrived and pupils
are anxious to begin after a long va-
cation. We are certain that we will
have a good school year with the fac-
ulty we have, who will be anxious to
make this school a better one than
before. Mr. Skinner and most of
last year's faculty have been retain-
ed, and several new teachers added.

Dinner was served on the school
campus, and baskets of all kinds of
good eatables were unpacked at the
noon hour.

Rev. Banks and family are attend-
ing a family reunion at Art, Texas.

Mrs. W. B. Ward and brothers,
Charles and Fritz Bohmfalk, and
little Betty Lou Bohmfalk returned
from a two weeks' visit to relatives
in California and Arizona.

Mr. and Mrs. Raeke and children
of industry were visitors at the home
of Mrs. Willie Fasel last week.

The community had a barbecue
supper at the school house last
Thursday evening—consisting of
beef, salads, cakes, pies and coffee.
The occasion was sponsored by the
Masonic order.

COMMUNISM.

By Bert Lowe

These days we hear much talk and see much written of "communism," its evil influence in government, yet after all is said and done, the dissatisfaction voiced against our government is not a desire for a communist government, but rather a protest against the increasing rates of taxation which more and more are being saddled onto the poorer classes. The dissatisfaction is not "Communism" but a protest against 10 per cent of the population ruling the other 90 per cent, and the people classed as "Communists" are not all imported foreigners, as some would try to make us believe, but they are the very best Americans, with unquestionable patriotism, men who would lay down their lives without a qualm for love of country. Big business and the united press should meet these problems in the open. When a broncho rider hits the saddle he pulls the "Blind," so that the bronco may see where he is going and not take his rider over the cliff somewhere. That is just what any nation is doing when their press muzzles facts. They are heading for a cliff. There are various methods of disseminating knowledge. It is said the negroes of a certain town in the South knew of the death of Lincoln before the postmaster did. If we have any name for the discontent in government, let us coin one and not take an underhand hold on the poor devil that is just about down and out already. The press is fooling no one when it attributes these rumblings of discontent to a communist desire. Our college professor whom they accuse of teaching "Communism" are falsely accused. What they are teaching and what the common people are learning is that they are not getting a square deal. Vice and corruption will not be controlled by finger pointing, but by a practical application of honesty in opportunity. Graft is the Lord chief counselor of opportunity now. Give every man an equal break according to his ability and you'll see discontent drift away like a morning mist in June sunshine. Give the old and indigent people the chance to live, respected, and dividends will be greater than are they on some investments already made. The broncho is headed for the cliff and F. D. R. is the rider with his saddle pockets full of mortgages on the government for enterprises that can never possibly pay a dollar on the investment. The government will have a bad debt or a piece of property that a peon could not make produce 1 per cent returns. New men have been staked to farm projects when old heads thoroughly familiar with every phase of the game and the soil they have been cultivating have gone broke and are on "relief." How in the name of common sense can a man sit in a new game and win who don't know one card from another? Equally strong is the demand from the rail road magnates for F. D. to try to lead a pack horse loaded with mortgages on the government to redeem them from loss by truck competition, regardless of the fact he has all he can do to keep from being "unloaded" any minute.

SALADS HOLD A FIRST PLACE IN THE MENU.

By Mrs. J. T. Langham.

There are many women, well trained in the culinary art, who do not know the secret in making attractive, tempting, delicious salads. Practically every housewife should have some particular salad recipes which she can prepare on short notice. Some that her family and friends will enjoy and praise. Some that are not too expensive to make frequently and that she likes to make. She must know that the true greatness of a salad is the dressing—that it must be like milady's accessories, bright and spicy, to bring out the main effect or it must be more sober and sedate, for a dressed-up affair.

By knowing how to make these tempting salads, quickly and easily, she will no doubt prove to her husband that his tardy announcement of extra guests has left her completely undismayed.

I am going to give some salad recipes here that have been handed down for several generations and that are among the best and are so easily prepared.

SALAD BALLS FOR ANY OCCASION: Four medium sized beets; three medium sized Irish potatoes; one medium sized cabbage; one-fourth pint stuffed olives; one can of asparagus tips; one small can of pimientos; salad dressing, lettuce, or endive. To prepare salad quickly, use beets that have been pickled when canned. Now chop the beets fine after taking them out of the liquid. Mash the boiled potatoes well, shred the cabbage, chop the stuffed olives, and mix all the vegetables thoroughly, and mould into balls. Now cut the pimientos in tiny pieces and put here and there on the balls and place on lettuce, and pile salad dressing around base of balls.

As tomato season is approaching, I will give you a splendid recipe to use them with salad.

TOMATOES STUFFED WITH FROZEN SALAD: Six large firm tomatoes, one green pepper, one-half teaspoon onion juice, dash of cayenne, one-fourth cup cold water, one and one-half teaspoon of salt, one large cucumber, one teaspoon worcestershire sauce, one-half teaspoon mustard, one tablespoon gelatin, one cup mayonnaise and one teaspoon paprika. Cut a slice from tops of six blanched tomatoes. Scoop out the pulp, cut in small pieces, add the juice, strain to remove seeds; add one cucumber chopped fine, but discarding the seeds; chopped pepper, reasoning, dissolve gelatin in a little cold water and add to mixture and add mayonnaise last. Mix well and freeze in refrigerator pan and serve

HONDO HIGH SCHOOL OPENS.

The students of Hondo High school assembled in the Study Hall Monday, September 9. Mr. Barry explained the regulations and schedule of the school. A fifteen minute class schedule was followed throughout the morning. The students were dismissed at noon to be back the following morning. Books are not issued until Tuesday.

THE FACULTY.

To the members of the faculty The Owl Staff extends a most cordial welcome. We feel that if the student body will co-operate with the faculty, this will be another successful year in the life of Hondo High school.

Mr. Barry, our most capable and efficient Superintendent, was graduated and obtained his B. A. degree from Baylor University. During the last two summers he has attended Texas University. Mr. Barry is teaching the Spanish course.

Mr. Broxton, Principal and Science teacher, has a Bachelor of Science degree from Texas A. & M.

Mr. Clifford Sadler has a B. S. degree from Texas A. & I. Mr. Sadler is the teacher of Vocational Agriculture.

The Math teacher is Mr. M. L. Dowell. He has an A. B. degree from Baylor University.

Miss Catherine Claypool is the commercial teacher. She holds a B. A. degree from Baylor University. The coach and Social Science teacher, Mr. W. T. DuBose, has a B. S. degree from Texas University.

The Home Economics instructor is Miss Barbara Stubbs. She has a B. S. degree from Texas University. Miss Jacqueline Adams has an A. B. degree from Baylor University. She is the High School English teacher.

Mr. Tom Laxon has the seventh grade pupils. He has attended Southwestern University, Texas A. & M. and the University of Colorado.

Miss Lucy Richards holds a B. A. degree from Baylor University. She teaches the sixth grade.

Miss Olivia Shaw, the fifth grade teacher, has attended the San Marcos State Teachers' College.

The fourth grade is taught by Miss Frances Ann Harris. She has a B. S. degree from Texas University.

Miss Perry Chamberlain, teacher of the third grade, attended the Texas University, the Texas State College for Women (CIA), and the Southwest Texas Teachers' College.

The second grade has as its teacher Miss Eddie Connor. She has a B. S. degree from George Peabody Teacher's College.

Miss Willie D. Fly is again teaching the first grade. She has attended Texas University, Southwestern at Georgetown, University of California at Berkeley, and San Marcos State Teachers' College.

The Mexican Faculty is composed of Mr. Edward Earnest, B. S. degree from S. T. S. T. C.; Miss Thelma Welch, B. S. from Sul Ross; Mrs. Caroline Cameron, B. A. from Texas University; and Miss Lucille Newton, B. A. from Southwestern.

P. T. A. MEETS.

The Parent-Teachers Association held its first meeting of the year in the High School Auditorium, on Monday afternoon, September 9. Mrs. S. G. Carter, the former president, gave the welcome address, and Miss Willie D. Fly gave the response. Amy Smith rendered two beautiful vocal solos. The "Firecrackers" sang a lovely selection of numbers.

The program was followed by a short business meeting at which the Room Mothers for the new school year were appointed. Mr. Barry gave a very interesting talk.

The new Home Economics rooms were used for the first time in that a lovely reception for the teachers was held there. This reception is an annual affair of the P. T. A. The new P. T. A. officers and the teachers made up the receiving line. Delicious refreshments of sandwiches and iced tea were served.

The monthly book award of the association was given to the third grade for having the largest number of representative mothers present.

SCHOOL IMPROVEMENTS.

Our school has undergone several changes and improvements during the past summer.

Under the able direction of the Board of Trustees and the Superintendent two new departments have been added—Home Economics and Vocational Agriculture.

There are sixty-four enrolled in the Home Economics classes. We girls feel that it is indeed a privilege to be able to take this course, and we are very proud of our beautifully equipped department. The boys, we are sure, feel just as proud of their department.

SCHOOL OF INSTRUCTION.

A School of Instruction for all the P. T. A.'s of the County is to be held in the High School Auditorium, Wednesday, September 18, at 1:30 P. M. Let's have a good representation of the Hondo P. T. A.!

OWL STAFF APPOINTED.

THE OWL Staff for the ensuing year was officially appointed by Mr. Barry Monday afternoon. They are as follows: Editor-in-chief, Jean McCall; business manager, Oreneth Fly; personal editor, Evelyn Barnes; sports editor, Edmund Ney; society editor, Anna Laura Weihausen; departmental editor, Lela Grace Reily.

ROOM MOTHERS APPOINTED.

At the P. T. A. meeting Monday afternoon the Room Mothers for the new school year were appointed as follows:

First grade—Mrs. Felix Holmig.
Second grade—Mrs. Emmitt Nester.
Third grade—Mrs. C. J. Monkhouse.
Fourth grade—Mrs. Toby Taylor.
Fifth grade—Mrs. L. B. Grell.
Sixth grade—Mrs. L. E. Kollman.
Seventh grade—Mrs. J. M. Finger.
Eighth grade—Mrs. Ed. Ney.
Ninth grade—Mrs. T. B. Knopp.
Tenth grade—Mrs. R. J. Noonan.
Eleventh grade—Mrs. T. C. Barnes.

Home Economics Dept.—Mrs. Bernita McCall.

SOCIAL NOTES.

SUB-DEB CLUB.

The Hondo Sub-Deb Club was entertained by Miss Evelyn Knopp at her home Monday afternoon, at 4 P. M. Bouquets of roses added a decorative note to the living room where the meeting was held.

Miss Anna Laura Weihausen was in charge of the business meeting. It was decided that no new members should be taken in this year. Dues were collected and bills paid. A program was outlined for the year's work, but the program committee hasn't been appointed.

Refreshments were served to Misses Evelyn Barnes, Gracie Reily, Jo Reily, Doris Windrow, Sis Merritt, Anna Laura Weihausen, Annette Rothe, Frances Haegelin, Ginger Fusselman, Roseina Taylor, Margaret Ann Knopp, and the hostess.

After this meeting the new officers will be in charge.

BLUE BONNET UNION MEETS.

Sunday, September 8, the Hondo Epworth League went to Sabinal where this district had its regular quarterly meeting.

The other towns represented were Uvalde, Yancey, New Fountain, Sabinal, and Hondo.

Mr. Horace King of Westmoorland College delivered an interesting sermon and immediately following that, the Sabinal League served dinner for the visitors.

The Young People's meeting was begun at two and lasted until four. Several good talks and suggestions were made for the future and new officers were elected. Miss Evelyn Barnes of Hondo was elected Secretary of the Union.

Those present from Hondo were: Misses Jo and Gracie Reily, Jackie Bradley, Evelyn Barnes, Fern Ulbrich, Wilma and Irene Barkuloo, and Virginia Ulbrich; Harold Stiegler, Oreneth Fly, Jr., Jack King, Stanley Mumme, George Hull, Burleigh Smith, and Monroe Langford.

SUB-DEB DANCE.

The Hondo Sub-Deb Club honored three of its members on Wednesday, Sept 4, with a dance at the home of Miss Evelyn Knopp and a slumber party at the home of Miss Evelyn Barnes.

As the guests arrived they were given gaily colored dance programs. The reception rooms were decorated with late summer flowers, and the porch and terrace were lighted by colored Japanese lanterns.

The table was laid with a natural linen cloth and was placed on the terrace. Mrs. Knopp was assisted by her younger daughter in serving punch, sandwiches, olives, and assorted mints, to the guests.

Those enjoying this charming party

were the honorees, Annette Rothe, Doris Windrow and Frances Haegelin, and Misses Anna Laura Weihausen, Sis Merritt, Gracie Reily, Evelyn Barnes, Jo Reily, Gwen Gray, Ginger Fusselman, Alyne Hudson of Laredo, and Evelyn Knopp, and Mr. Sadler, Mr. Dubose, Dr. John Henry Meyer, Walter Meyer, Bru Miller, Jake Schuehle, Buddie Mechler, Hugh Meyer, Benny Oefinger, Bonnard Rothe, Joe Haegelin, Jack Muennink, Johnnie Crouch, Jim White of Uvalde, Charles Tondre, Eppie Finger, Francis Koch, Don Windrow, Augie Hans of Devine, Jimmy Smith, Roy Schweers, Tommy Holloway, Nock Burgin, Babo Windrow, Tommy Danie, Jimmy Rihn, Mr. and Mrs. W. O. Rothe and Dr. and Mrs. T. B. Knopp.

THE SENIORS!

The Seniors started off this year with a "bang"! We had a class meeting the opening day of school. Our time was limited, and we only had time to elect the president and vice-president, Lela Grace Reily and Hugo Schweers, respectively. Another class meeting was called later in the morning to decide on our rings. We came to a decision after quite a little discussion, and now we are very anxious to get them as quickly as possible.

LADIES' BRIDGE CLUB.

Mrs. O. B. Taylor was hostess to the members of the Ladies' Bridge Club and several tea guests. After the games were scored, prizes were awarded Mrs. J. M. Finger for high and Mrs. Fletcher Davis for cut. Refreshments of molded fruit salad, saltines, cake and iced tea were served. Those present were Mesdames L. J. Brucks, Fletcher Davis, J. M. Finger, Earl Starnes, Alice Reinhart, F. H. Schweers, Robert Kollman, H. V. Haass, H. E. Haass and Felix Batot, and Miss Lillian Brucks, and the hostess, Mrs. Taylor.

TO HAVE DANCE.

Emmet Rahm, San Antonio musician who formerly resided at D'Hanis, and his orchestra will play for the modern dance Saturday night, September 14, at the Hondo Fair Grounds hall. Mr. Rahm's orchestra is composed of musicians who formerly played with Jimmie Klein's and Mack Roger's bands of San Antonio, and assures dance fans smooth rhythm and tuneful melodies for their enjoyment. The dance is being sponsored by the Medina County Boosters' Club which extends an invitation to all to attend and have a good time.

DORCAS CLASS.

The Dorcas Class met at the home of Mrs. E. E. Kollman on Wednesday afternoon, Sept. 4th, with fourteen members present. Several business matters were discussed and the following officers were elected for the new year: Mrs. E. E. Kollman, President; Mrs. Bil Crow, 1st Vice President; Mrs. Toby Taylor, 2nd Vice President; Mrs. Newell Woolis, Secretary-Treasurer, and Mrs. O. G. Crow, reporter. At the conclusion of the business meeting a social hour

There's lots of room in the FORD V-8

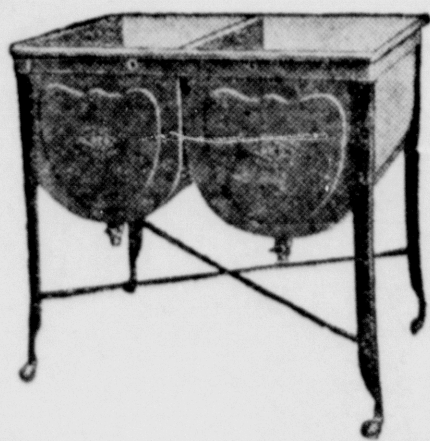

EVERY ONE who steps into the Ford V-8 for the first time is surprised at its roominess. There's exceptional seat room, leg room and head room in all body types — the whole car gives you a feeling of substantial size.

The Ford gives you extra body room because of the compact design of the V-8 engine — an exclusive Ford feature at a low price. This V-8 engine takes up less space in the hood and permits more of the car's length to be used for passenger comfort. Many a

car selling at a higher price does not give you as much interior room as the Ford V-8.

Rear seats are wide and restful . . . three people can ride comfortably in the front seat of the Fordor Sedan, Fordor Touring Sedan, Convertible Sedan and Phaeton, and in the Coupes and Roadster. The seat of the Ford V-8 Roadster is 52 inches wide. A ride in the Ford V-8 will show that it combines unusual body room with fine-car performance, safety and comfort.

OWL'S EARS.

Hears Nothing, Knows All.

From THE OWL.

Ole Hondo High ought to be very interested in what's going to happen to its ex-Seniors this year, so here is something about them.

Doris Windrow, Jeanette Merritt, John Crouch and Jack Muennink will be at Texas University if they don't bust out.

Buddy Mechler and Jake Schuehle are gracing Rice Institute with their good looks.

Carroll Jones and Ted Dawson who were at Schreiner Institute this summer, will continue there this fall.

Our Lady of the Lake College, San Antonio, will have both of our last year's honor students, Frances Haegelin and Annette Rothe.

Mary Emma Finger will go back to Incarnate Word College, and Augie Finger is to be at Draughon's.

Roy Schweers, business manager of THE OWL last year, is going to take a business course at Draughon's.

Walter Meyer is going back to Tulane for his Senior year.

Tony Taylor is planning to attend Westmoorland.

A very interesting thing happened to Buddy Mechler in San Antonio last Sunday night. He had gone to see a show and was walking to the station when a negro stuck a gun in his ribs and commanded that he give up all his money. Buddy gave him about thirty-five dollars and his railway ticket.

He said that he had seen the negro on the train going into San Antonio. Moral: Never earn any money because someone else will steal it!

Sis Merritt spent the week-end in Uvalde.

Gracie Reilly, Don Windrow, Doris Windrow, Johnny Crouch, Babo Windrow and Tommy Danie went swimming in ConCan Sunday. (The Frio was on one of its largest rises!)

Misses Hodges and Fawcett are in San Marcos attending Teachers' College on leave of absence.

Miss Alyne Hudson of Laredo spent last week as the guest of Benny Oefinger, her cousin. This charming visitor made many friends during her short stay here.

DR. AND MRS. KNOPP HOSTS.

The Wednesday Night Bridge Club was delightfully honored, together with a number of additional guests, with a bridge party Wednesday night of this week. Dr. and Mrs. T. B. Knopp were hosts of the affair. Following the conclusion of the games prizes were awarded to the following winners: Mrs. H. J. Meyer and Mr. L. E. Heath for the club members and Mrs. J. G. Barry and Mr. Barry for the guests. Refreshments of orange punch were served. The club personnel and guests included Dr. and Mrs. W. H. Smith, Dr. and Mrs. H. J. Meyer, Dr. and Mrs. O. B. Taylor, Mr. and Mrs. Earl Starnes, Mr. and Mrs. Robert Koldman, Mr. and Mrs. M. L. McDowell, Mr. and Mrs. M. I. Broxton, Mr. and Mrs. J. G. Barry, Mrs. L. J. Brucks, Miss Josephine Brucks and Mr. L. E. Heath, and the hosts, Dr. and Mrs. Knopp.

CARD OF THANKS.

We wish to express our sincere thanks to those who aided us during the illness and death of our beloved father, B. F. Moss; also for the beautiful floral offerings.

THE CHILDREN.

If you or your family read the German language—and all who speak it should read it—you need the Freie Presse fuer Texas, the great German language weekly newspaper of Texas. It sells for only \$2.00 per year. Remit through this office and get it and FARMING both for the \$2.00. Order the Freie Presse sent to your home and encourage the young people to enjoy the vast treasures of German literature.

Farmers of Hopkins county are seeding their pasture land with bur clover, dallis grass, and lespedeza this spring. County agricultural agent S. L. Neal recommends that the three kinds of seed be mixed together and fed at the rate of two pounds of the mixture to every 100 pounds of feed. This method serves a two-fold purpose, in that the seed is not injured and is left in fertile places, and the stock does not bother the plant the first year. Other farmers in this county are mixing the seeds with barnyard manure and putting it out in the pasture.

ITCH

And IMPETIGO are raging in all parts of the country. Don't use messy salves and bandages. BROWN'S LOTION stops itching instantly. This liquid sold with money back guarantee on first bottle. 60c and \$1.00 sizes at W. H. WINDROW.

LOCAL AND PERSONAL

Judge L. J. Brucks spent the week in Uvalde, presiding over the district court in the absence of Judge Lee Wallace.

Mr. Sid G. Carter came in Thursday evening from the oil fields of Kilgore to spend a few days with his family here.

Mr. E. J. Schott of Riomedina was a business caller at this office this morning. Mr. Schott says his horses won both races held on the Hondo Fair Grounds track here recently and he is now arranging to enter them at Alamo Downs.

Mr. and Mrs. Blue Baby, Mr. and Mrs. Boots Heyen and Misses Annie Marie and Leora Saathoff and Lorine Brucks enjoyed a fishing trip at Medina Lake last week-end. They caught 60 pounds of fish, the largest weighing thirteen pounds.

Mrs. Andrew Bless and son, Franklin, and sister, Miss Jonell Rothe, went to Austin last Thursday and returned Saturday evening, accompanied by little Miss Norma Jane Bless, who had spent the week with her uncle and aunt, Mr. and Mrs. Reinhart Rothe.

Misses Nettie and Etta Fly and a friend were out from San Antonio Saturday afternoon for a short visit with their parents, Judge and Mrs. D. H. Fly. Miss Nettie Fly, for several years, will teach in the San Antonio school system this year.

THE MOST CONVENIENT LOCATION IN HONDO—L. F. LAKE'S BARBER SHOP, CORNER NORTH FRONT AND BANDERA. FIRST CLASS BARBERING UNDER THE BEST OF SANITARY CONDITIONS. YOUR PATRONAGE APPRECIATED. tf

A great saving in the feed cost for his hogs this spring is reported by John Ewen, swine demonstrator in the Estelline community in Hall county. Ewen made the saving by running his hogs on excellent alfalfa pasture. He reports that his concentrate requirements have been cut from one-fourth to one-third. His pigs are thrifty and making rapid gains. In addition to the pasture furnished the hogs, Ewen reports an excellent hay crop cut from the alfalfa field.

Thirty-five dollars profit per acre was made on seven acres of blackberries this year by Wilson Herndon of Comanche county. Herndon picked 300 gallons per acre and lost fully 300 gallons on the patch this year due to the extreme rainy weather during the picking season. Herndon says that his land would not make more than one-fifth of a bale of cotton per acre, which after counting out all costs left no profit. He is now enlarging his berry patch as well as adding grapes and plums. He feels that his 27 acre place will make him an easy living through the sale of berries, fruits, truck crops, and through the live-at-home program he is getting under way.

CASTROVILLE, TEXAS, TUESDAY, SEPTEMBER 10, 1935

The third School Bond election will be held at Castroville Saturday, Sept. 10th, and we hope all the voters who are qualified to vote will turn out and administer the proposition a third defeat. Reports received indicate that the proposal will again be voted down by a substantial majority, which is as it should be.

Dr. P. D. Williamson of San Antonio, who left here several years ago, will return to Castroville in the near future. The Doctor, we are informed, has purchased the Herbert Mills residence in the south part of town.

Miss Octavia Davis of Hondo was a Castroville visitor Sunday.

The proceeds of the August 25th celebration amounted to \$1,017.00, which goes into the church and school fund.

About seven inches of rain fell here in the last five days, insuring a good fall season, although it will delay the harvesting of the corn crop which had been in full swing before the rains. Much heavier rain fell in the hill country above Bandera as the Medina Lake for the first time since 1919 started running over the spillway on Tuesday of this week. It was running 3 inches deep and 1000 feet wide, and with some more rain we can expect high water. The rains will also insure a bumper fall feed crop.

A. E. Halbardier, Joe R. Naegelin and Albert Hoog attended the baseball game in San Antonio Sunday.

John Petsch of San Antonio was a Castroville visitor Sunday.

A miscellaneous shower was given in the St. Louis Hall on Sunday, Sept.

The carrying capacity of a pasture on the land of Colin Walton, Castro county farmer, will be more than doubled this season because of water held by terraces from one recent rain, according to the estimate of the county agricultural agent, E. N. Thomas. Walton spent most of last winter building a system of terraces across a wide draw draining into a flat lake in his pasture. The terraces were run level from end to end and the ends built up to hold the water from running around; and terraces were placed close enough together to back the water nearly to the other terraces. Several acres of sloping land were also listed solid. During the recent rain, an inch and a half of rain and hail fell in about 30 minutes. The terraces held the water back out of the lake to such an extent that all of the water which ran into the lake soaked up by the next

8th, in honor of Miss Corine Tschirhart, a bride of this month. The presents received were many and useful. A very large number were present.

James G. FitzSimon is giving the inside of the parochial residence a neat coat of paint this week.

Albert Hoog and son, Joe, Miss Kate Schmitt and Mrs. Will F. Naegelin were San Antonio visitors Friday.

Otto Haegelin and Frank Tondre were San Antonio visitors Tuesday. Sheriff Schuehle, Judge Noonan and John Finger of Hondo were Castroville visitors one day last week.

LARGE BOND MEETING.

Some forty or more citizens of Castroville met on Saturday night, last, in the Castroville Common School auditorium and discussed the advisability of voting for or against the issuing of bonds for a new school building. Mr. Jordan T. Lawler presided over the meeting and invited those opposed as well as those for the bonds to speak. None spoke against the bonds, and from the applause given the speakers favoring the bonds the audience was 98 per cent pro bond.

Messrs. Jules Jagge, Fred Jagge, Jordan T. Lawler and Mr. Pinkert and others spoke from the floor.

On request of W. F. Naegelin representing those opposed to the school bonds to be voted on Saturday, September 14th, Judge R. J. Noonan appointed Charles Boehme and Frank Tschirhart as election supervisors.

Without the terraces, the lake would have filled and the grass drowned out for several weeks. The water would also have run across the draw without the ground soaking it up to any extent.

SAN ANTONIO LIVESTOCK. Monday, September 9.

Price levels in the cattle division jumped fully 25 to 50 cents on practically all classes of slaughtered and shipping cattle Monday on the San Antonio livestock market. Supplies were not quite so heavy as on last Monday and new methods of trading adopted on this market sent offerings to the scales much more rapidly and trading was more satisfactory all around. Best calves and light yearlings sold quickly up to \$6.75, or 50 cents higher than last week's close, and around \$1.00 higher than last Monday. Heavyweights, yearlings, good quality calving quickly at \$3.25 to \$3.50 with slightly higher paid sparingly on better grades, or 50 cents higher. All cow stuff gained in the advance; low cutter and cutter cows moving in a spread of \$1.75 to \$3.00; plain butcher cows, \$3.25 @ 4.00; choice fat cows at \$4.25 @ 4.50. Stocker steer yearlings of good breeding were in active demand, mostly on shipper account, at \$5.50 to \$6.00, or fully 50 cents higher. Beef bulls were draggy but held steady at a top of \$4.25.

The hog market held steady and active at last week's new top of \$10.25 for choice 175-250 pound truck offerings. Feeder pigs continued in active demand at \$7.25 to \$8.25.

No sheep or goats were offered but quotations held steady.

Receipts and quotations Monday were: Cattle, 300 head; calves, 274 head; calves, common and rannies, \$2.50 @ 3.50; general spread of calves, \$3.75 @ 5.25; better kinds to choice, \$5.50 @ 5.75; common to medium grass steers, \$3.25 @ 4.25; better kinds, \$4.50 @ 5.50; low cutter and cutter cows, \$1.75 @ 3.00; plain butcher cows, \$3.25 @ 3.75; good fat and, \$4.00 @ 4.50; butcher bulls, \$3.00 @ 3.50; beef bulls, \$3.75 @ 4.25.

Hogs, 118 head; choice 175-250 pounds, \$10.25; medium and heavyweights, \$8.50 @ 9.75; lights and feeder pigs, \$7.25 @ 8.25.

WINS PRIZE.

Lena Reinhart, D'Hanis, Texas, is the winner of a \$5 cash prize in the nation-wide "Make It Yourself" contest conducted by Sears, Roebuck and Co. Miss Reinhart was awarded one of ten fifth regional prizes in the senior division class for slip covers, curtains and draperies.

More than 47,000 entries from all of the 48 states were received in the Sears contest, it was announced. To provide an opportunity for as many as possible to participate and share the \$15,000 in prize money, Sears divided the contest into six classes, \$10,500 being offered for 1,080 regional awards in the senior division, \$2,700 being reserved for 480 junior winners and \$1,800 going to the ten survivors in the national eliminations.

Church organizations, schools and clubs also were eligible to enter the contest the same as individuals. Workmanship, color selections, design, neatness, cleanliness and individuality are the standards by which entries have been appraised by the judges.

Judges of the contest in Sears, Roebuck and Co.'s Dallas region were Alpha Lynn, county home demonstration agent in Dallas, Laura Breihan, art teacher at the College of Industrial Arts in Denton, and Mrs. Stone J. Robinson, prominent Dallas club leader.

D'HANIS PLANS FLOOD CONTROL.

Uvalde, Texas, Sept. 8.—The little town of D'Hanis in Medina County, 35 miles east of Uvalde, which was swept by disastrous floods on May 31 and July 24, is making preparations to prevent a recurrence of the floods, according to F. J. Carle, one of the town's leading business men. Residents of the town plan to create a flood control district, and they have also made application to the district Works Administration office here for aid in a project calling for strengthening of the channel of Seco Creek, one mile west of the town, removal of brush and undergrowth from the creek's channel, and the building of levees at a point north of the city which, it is believed, will prevent flood-water from sweeping down through the town as it has done on two occasions this year. The channel will be straightened and the brush removed from the stream from a point one to two miles north of the town to a point 10 to 12 miles south of the place. The project is estimated to cost \$60,000 to \$75,000.
